Message from the Chairman & Managing Director

Shri D. Rajeshwar Reddy
Chairman and Managing Director
Edify World School – Attapur

April has been a forward-looking phase at Edify World School, Attapur, as we prepare for the new academic session with renewed focus. I am proud to share the 100% CBSE Grade 10 result, reflecting the dedication of our students and the consistent support of our teachers. Our structured academic planning across Cambridge and CBSE ensures a balanced and future-ready learning approach. As we head into the summer break, I encourage students to explore, rest, and return refreshed for an exciting year ahead beginning 1st June.

Message from the Academic Director

Shrimati D Haritha Reddy
Academic Director
Edify World School – Attapur

This period has been dedicated to strengthening academic excellence through focused planning and teacher development. Intensive training sessions in core CBSE and Cambridge frameworks have enhanced instructional quality and consistency across classrooms. The 100% success in CBSE Grade 10 results stands as a testament to strong academic systems and effective teaching practices. With clear alignment to global standards, we continue to build a rigorous, student-centered learning environment as we prepare for the new session.

Message from the Principal

Shrimati Asha Rajeev Nair
Principal
Edify World School – Attapur

We are delighted to celebrate our 100% CBSE Grade 10 results, a proud achievement for our entire school community. This phase has also marked the launch of our Year of Internationalism, brought to life through the vibrant One World Fiesta, where students explored global cultures through immersive classroom experiences. As we move into the summer break, we look forward to welcoming our learners back in the month of June to continue this journey of global learning, creativity, and growth.

KEY ANNOUNCEMENTS & SCHOOL INITIATIVES

Edify World School Launches Dynamic Summer Camp to Inspire Fitness, Fun, and Holistic Growth

Edify World School, Attapur has commenced its much-anticipated summer camp, offering a vibrant and engaging platform for students who are staying back during the vacation period. Designed to promote holistic development, the camp focuses on helping children stay physically active, nurture their talents, and explore their true potential in a structured yet enjoyable environment.

The initiative is being led by the school's dedicated physical activities team, which has curated a diverse range of sessions aimed at building fitness, coordination, teamwork, and confidence among participants. From sports and movement-based activities to

skill-enhancement exercises, the programme ensures that students remain meaningfully engaged throughout the break.

Understanding the challenges posed by rising temperatures, the school has scheduled the camp in the early morning hours. School authorities highlighted that the summer camp is not just about physical fitness, but also about encouraging discipline, resilience, and self-expression among children. The camp has already witnessed enthusiastic participation, reflecting the school's commitment to fostering well-rounded development beyond the classroom.

STUDENT EXCELLENCE & ACHIEVEMENTS

Ishan Sashi Wins 1st Place in U-17 Chess Tournament

Ishan Sashi of Grade 2 secured 1st place in the U-17 Chess Tournament, showcasing exceptional skill and strategic thinking. His achievement brought pride to the school and inspired fellow students.

STUDENT EXCELLENCE & ACHIEVEMENTS

IGCSE Grade 10 Students Engage in Cross-Cultural Exchange with Japanese Peers

Students of IGCSE Grade 10 at Edify World School, Attapur participated in an in-depth virtual interaction with students from Japan, fostering meaningful dialogue on global issues and educational policies. The session provided a platform for learners to exchange perspectives, understand diverse schooling systems, and build international awareness.

The interaction was marked by active participation, with students discussing contemporary challenges and

comparing approaches to education in their respective countries. The initiative aligns with the school's focus on nurturing globally minded learners.

Following the session, participants were awarded certificates of participation by Academic Director Shrimati D. Haritha Reddy and Principal Shrimati Asha Rajeev Nair, recognising their engagement and enthusiasm in the international exchange programme.

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

Drop Everything and Read (DEAR) Day was a joyful and engaging experience followed throughout the school. Students brought their favorite books, creating a vibrant reading environment across all classes. All the IK students enthusiastically participated in picture reading, exploring stories through visuals and sharing their thoughts with excitement. This activity not only sparked their imagination but also helped develop early language and observation skills. The entire school was immersed in the joy of reading, making it a meaningful and enriching experience for every student.

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

A special assembly was conducted on World Health Day to promote the importance of healthy living among students. Grade 1 and Grade 2 students presented engaging skits, dances, and a Hindi poem, highlighting healthy eating, hygiene, and active lifestyles. A session by Dietitian Ms.

Monika introduced the concept of a balanced diet and encouraged better food choices. Students were recognized with titles such as Hydration Hero, Nutrition Champ, and Healthy Star for their healthy habits. The event was interactive and inspiring, motivating students to adopt a healthier and happier lifestyle.

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

The flower vase activity conducted by the IK-3 students was a fun and creative outdoor experience. They eagerly collected different types of flowers and carefully arranged them in their vases, bringing their artwork to life. This hands-on activity enhanced their creativity, fine motor skills, and sense of aesthetics. It also encouraged teamwork, observation, and an appreciation for nature. The joy and enthusiasm displayed by the students made the activity truly engaging and memorable for everyone.

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

Our little Grade -1 learners had a joyful time exploring the topic “All About Myself”! Through fun activities, sharing sessions, and creative expressions, students discovered what makes each one of them unique and special. This lesson helped our young minds build self-awareness, confidence, and communication skills while celebrating their individuality.

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

On the occasion of Earth Day, Grade 3 students at Edify World School, Attapur celebrated with a creative clay modelling activity. They crafted beautiful models of trees, Earth, flowers, and leaves, showcasing both artistic skills and environmental awareness. IKS students also participated in engaging activities, learning about saving water, planting trees, and conserving electricity. Through discussions and hands-on tasks, they confidently shared ideas on protecting the planet. The day was filled with fun and meaningful learning, inspiring students to become responsible global citizens.

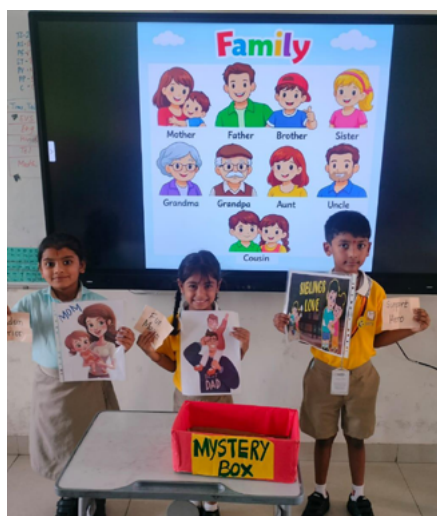

Learners of Grade 5 had a hands on experience of looking into the parts of a seed by opening the soaked rajma seeds where they observed the different parts of a seed such as seed coat, embryo, and cotyledons.

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

Grade 1 and Grade 2 students participated in engaging activities focused on the theme of family, enhancing both language and social understanding. Grade 2 students enjoyed the “Mystery Box: My Family” activity, where they picked a family member and spoke about them confidently. Meanwhile, Grade 1 students enthusiastically intro-

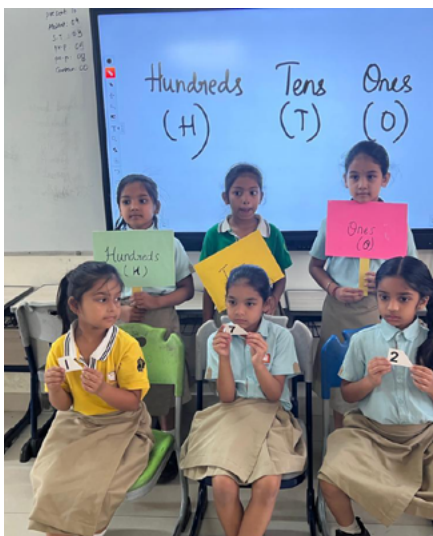

duced their family members in English, expressing their love and joy. The activities created a warm and interactive learning environment filled with smiles and excitement. Overall, the sessions successfully built confidence, communication skills, and appreciation for family bonds.

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

In the EVS session, grade 2 students joyfully participated in the “All About Me” activity. They confidently introduced themselves, sharing details such as their name, class, roll number, and information about their parents.

They also expressed their likes, dislikes, favourite food, colours and hobbies with great enthusiasm. This activity encouraged self-expression, boosted confidence, and helped students get to know each other better.

Grade 2 students learned about place value—ones, tens, and hundreds. With the help of flashcards, they identified numbers and understood their correct place values. The children also participated in an engaging activity where they sat on the correct chair according to the place value of the number given. This fun, hands-on experience made learning enjoyable and helped students clearly understand the concept of place value.

Spell me Right - English activity. Grade 2 students focused on improving their reading and spelling skills. While reading, they underlined difficult words and practiced spelling them correctly. The children actively participated with the help of flashcards, which made the learning process fun, engaging, and effective.

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

True to its evocative title, Our World Gallery stands as a testament to the intellectual curiosity and reflective learning of the Grade 5 students, who delved into the study of the globe with a particular emphasis on continents and their distinctive characteristics. This thoughtfully curated activity enabled learners to synthesize their knowledge and articulate their understanding through meaningful

reflection, showcasing not only conceptual clarity but also their ability to connect factual insights with deeper interpretation. With commendable enthusiasm and active participation, the students brought their learning to life, transforming abstract geographical concepts into vivid expressions of understanding, thereby exemplifying a harmonious blend of creativity, critical thinking, and academic engagement.

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

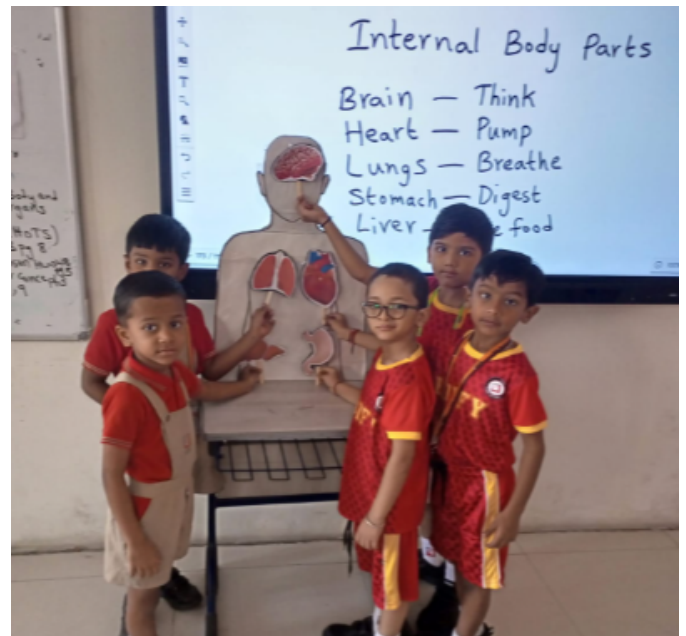

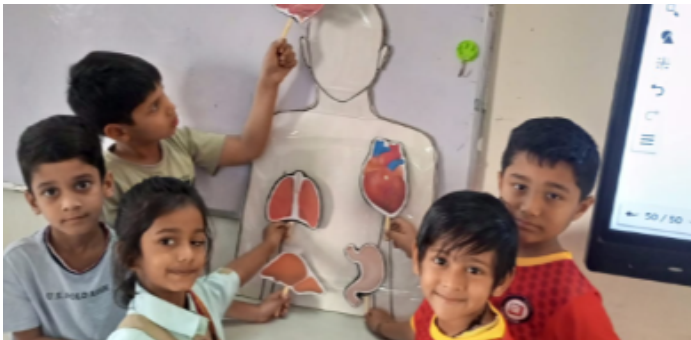

Pre-Number Magic at Edifians!

Our tiny champs in Grade 1 rocked an exciting activity, learning 'on, under, above, below, top, bottom, before, after'! Watch them position toys, sort objects and giggle through games that build spatial smarts and math foundations. These skills spark confidence for counting and beyond.

Grade 1 learners had an exciting and interactive session on internal body parts! Through fun activities like drawing and labeling, matching organs with their functions, and simple action-based learning, students discovered how their body works from the inside.

From understanding how the heart pumps blood to how the lungs help us breathe, children actively participated and showed great curiosity. The hands-on activities made learning joyful and meaningful. Learning becomes more impactful when it is fun and engaging!

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

For Grade 2 students, the English session was both engaging and expressive. Students participated in a reading activity centered around making new friends and sharing their first-day experiences. They eagerly spoke about their own feelings, helping them connect personally with the lesson. To enhance the experience, an interactive “Emotions Wheel” game was introduced. Each learner spun the wheel, identified an emotion, and expressed it through actions and words. This activity not only strengthened their reading skills but also helped them understand and express emotions confidently and creatively.

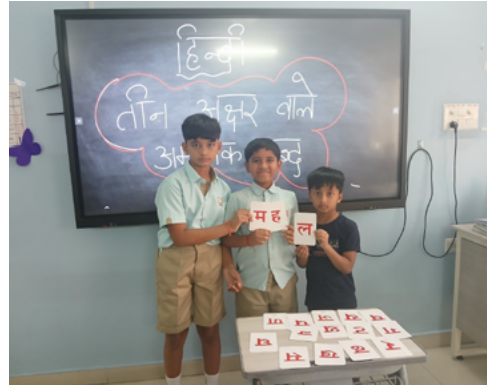

Telegu students enthusiastically participated in the activity conducted in the campus. Through this activity, they gained a clear understanding of the importance of cleanliness and environmental awareness. They actively took part in cleaning their surroundings and learned the value of maintaining hygiene. This program helped students develop a sense of responsibility towards keeping their environment clean. Overall, the activity was conducted successfully and meaningfully.

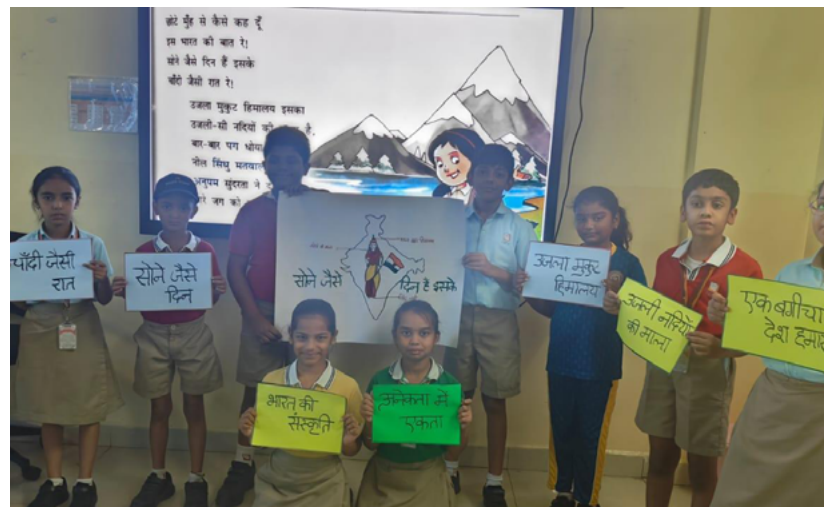

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

As part of a Hindi activity, Grade 3 students used flashcards to identify letters and create meaningful two- and three-letter words. This engaging task enhanced their thinking skills, boosted creativity, and strengthened their interest in the language.

Our Grade 3 students explored the Telugu Varnamala through engaging flashcard activities. Using pictures and words, they were able to recognize and remember letters with ease. This interactive approach made learning enjoyable while also strengthening their critical thinking, creativity, and visual learning skills.

Students of Grade 5 beautifully presented the beauty and diversity of India through an engaging activity. The young learners brought the poem “Golden days, silver nights” to life through posters and group work. With great enthusiasm and confidence, they expressed ideas such as “the crown of the Himalayas,” “a garland of flowing rivers,” “India’s culture,” and “unity in diversity.” Through this activity, we observed a wonderful development in students’ sense of patriotism, teamwork, cooperation, creativity, and expression.

LIFE AT SCHOOL: EVENTS & CELEBRATIONS

The IK-2 and IK-3 students had a fun and creative Tie and Dye activity. They brought handkerchiefs from home and explored fabric design by tying them with rubber bands in different patterns. Using bright and vibrant colors, they dyed their cloths with great

excitement and curiosity. This activity helped enhance their creativity, fine motor skills, and patience. The joy on their faces as they unfolded their colorful designs was truly delightful—each student proudly created a unique and beautiful masterpiece!

LIFE AT SCHOOL: EVENTS & CELEBRATIONS

A Joyful Start to Learning – Grade 2
The new academic journey for our Grade 2 learners began on a bright and cheerful note. The day opened with a lively and warm interaction,

creating a welcoming environment that instantly energized the students. This engaging start helped set a positive tone, encouraging learners to actively participate and enjoy the learning process.

Grade 5 Inquirers' assembly on Fixed and Growth Mindset helped the learners to understand that abilities can grow with effort and practice. They learned the importance of staying positive, accepting challenges, and learning from mistakes. The skit and dance beautifully showed that with the right mindset, they can improve and achieve their goals.

LIFE AT SCHOOL: EVENTS & CELEBRATIONS

On the occasion of World Health Day, a session by Dr. K. Ramesh Babu and Dr. Nagarani Buguda highlighted the importance of overall and oral health, aligning with the theme “Together for Health, Stand with Science.” They emphasized

healthy habits, prevention, and proper dental care, encouraging everyone to adopt a healthier lifestyle. The session was informative and encouraged the students of Grades- 3,4 & 5 of EWSA to adopt a healthier lifestyle.

LIFE AT SCHOOL: EVENTS & CELEBRATIONS

Grade 3 presented their first assembly on “Health is Wealth”. Students shared the importance of healthy habits like eating nutritious food and staying active . The assembly included a calming yoga session and an energetic Zumba performance , promoting fitness in a fun way. It was a wonderful showcase inspiring everyone to stay healthy and fit.

LIFE AT SCHOOL: EVENTS & CELEBRATIONS

The Grade 3 Inquirers presented a cheerful assembly on “Summer Fun Time”. Through lively acts, they showed how they spent their holidays—visiting grandparents, enjoying mangoes, playing with cousins and friends, completing

summer homework, relaxing, and having fun at the beach. The assembly concluded with a meaningful message — Summer is not just a break from school, but a time to relax, explore new things, and create beautiful memories that last a lifetime.

LIFE AT SCHOOL: EVENTS & CELEBRATIONS

It was a joyful and activity-filled last day for our Grade 2 and Grade 3 students before the summer break! From games and laughter to creative classroom moments, the day was truly special. Grade 3 learners made heartfelt cards for their friends, expressing appreciation with colorful summer-themed designs. The celebrations continued with a fun photo booth session and refreshing summer fruit juices.

LIFE AT SCHOOL: EVENTS & CELEBRATIONS

One World Fiesta Brings Global Cultures Alive at Cambridge Section of Edify World School Attapur

The Cambridge Middle to High School section of Edify World School, Attapur hosted a vibrant “One World Fiesta,” transforming classrooms into immersive representations of countries from across the globe. From Brazil to Russia, Finland to India, and journeys through the UK and China, the campus turned into a dynamic cultural showcase, offering students and parents a unique global experience.

Each classroom was meticulously designed to reflect the essence of a nation, with students presenting its culture, traditions, geography, and innovations. The event stood out for its creativity and attention to detail, with one classroom recreating a mini Amazon rainforest, complete with artificial rain and depictions of rich flora and fauna, leaving visitors particularly impressed.

Parents who attended the event expressed their appreciation for the initiative. “I have never seen such a school event before. I am truly happy that the school is providing a platform for my child to connect with

the world,” said Dr Mohammad Imran, a parent. His sentiments were echoed by another parent, who remarked on the extraordinary effort put in by students. “It was amazing to see how a classroom was transformed into a mini Amazon rainforest. The level of creativity and learning involved is remarkable,” they said.

LIFE AT SCHOOL: EVENTS & CELEBRATIONS

The fiesta is part of the broader theme adopted by the Cambridge section this year, titled “The Year of Internationalism,” aimed at preparing students to think and engage at a global level. Through such experiential learning opportunities, the school continues to emphasise cultural awareness, creativity, and real-world

connections beyond textbooks.

The event witnessed enthusiastic participation from students and strong engagement from parents, reinforcing the school’s commitment to nurturing globally aware and confident learners.

Rigorous Sports Selection Trials Conducted at Edify World School Attapur

Edify World School, Attapur conducted a rigorous sports selection process for the upcoming academic year, with enthusiastic participation from students across grades. The trials included a series of fitness tests, skill-based assessments, and

sport-specific drills designed to evaluate endurance, agility, and overall performance.

The structured and demanding process ensured fair selection based on merit, with the physical education team closely observing each participant. Selected students will now undergo focused training, reflecting the school's commitment to nurturing sporting talent alongside academics.

TEACHING EXCELLENCE & PROFESSIONAL DEVELOPMENT

Driving Global Classrooms: Core Cambridge Facilitators Engage in Transformative Two-Day Workshop

Facilitators of the Core Cambridge Personal Development programme for middle and high school recently concluded a focused two-day professional development workshop, marked by strong engagement, reflection, and practical learning. The sessions were led by Mr Venkat Lola, academic counsellor at Edify World School Attapur, who guided educators through key strategies to deepen classroom impact.

Day one centred on the theme of “Year of Internationalism,” with an emphasis on embedding global perspectives into the curriculum. Facilitators explored four core levers: pedagogy, learning spaces such as

walls and boards, the school calendar, and student voice—focusing on how learners express themselves through speaking and writing.

The second day shifted to hands-on application, with department-wise microteaching sessions. Teachers collaboratively designed and presented lessons, receiving targeted feedback to refine their instructional approaches.

The workshop highlighted a clear move towards intentional, globally aligned teaching practices, equipping facilitators with actionable tools to enhance student learning experiences.

TEACHING EXCELLENCE & PROFESSIONAL DEVELOPMENT

Empowering English Educators: Insights, Innovation, and Impactful Teaching Strategies

A training session on 27th April was conducted for English teachers, led by Dr. Shraddha Bhatnagar, who enriched educators with insights from her vast international experience. Focusing on innovative pedagogy, student wellbeing, and 21st-century skills, she equipped teachers with practical strategies to enhance classroom learning and promote holistic development.

TEACHING EXCELLENCE & PROFESSIONAL DEVELOPMENT

TEACHING EXCELLENCE & PROFESSIONAL DEVELOPMENT

Energizing Math Classrooms Through Hands-On Learning

A dynamic and engaging Rachana Sagar training session was conducted for teachers, led by Mr. Chandrashekhar Babu, focusing on transforming the way Mathematics is taught in classrooms. Centered around the philosophy of “learning by doing, teaching by inspiring,” the session brought a refreshing, activity-based approach to Math instruction.

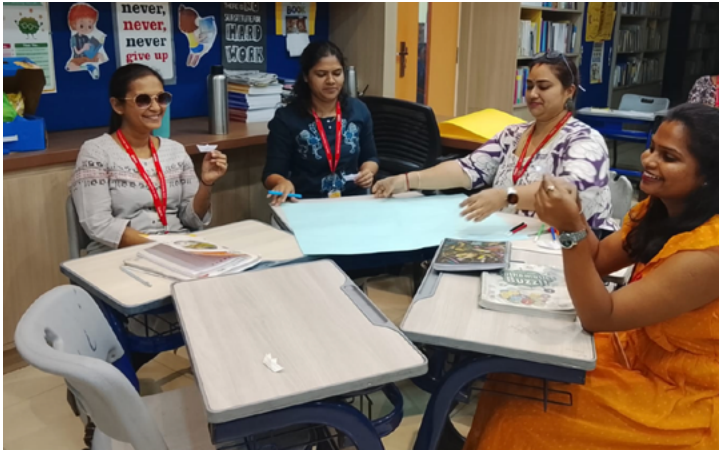

Teachers actively participated in a range of hands-on activities designed to simplify complex concepts and

make learning more experiential. The workshop also emphasized the integration of 21st-century skills, equipping educators with practical tools and strategies to foster critical thinking, collaboration, and problem-solving among students.

The session proved to be both energizing and insightful, leaving teachers motivated and better prepared to create interactive, engaging, and joyful Math learning environments.

TEACHING EXCELLENCE & PROFESSIONAL DEVELOPMENT

Inspiring Session Transforms Teaching Approaches for EVS, Social & Science Educators

Not just a workshop—an experience! EVS, Social, and Science educators participated in a dynamic and enriching training session led by Mr. Ali Zama. The session went beyond conventional teaching methods, offering fresh perspectives and innovative strategies to enhance classroom practices.

Blending knowledge with motivation, Mr. Zama engaged teachers through interactive discussions and practical insights, encouraging them to rethink their approach to teaching and learning. The focus remained on making lessons more meaningful, student-centered, and aligned with modern educational needs.

TEACHING EXCELLENCE & PROFESSIONAL DEVELOPMENT

WELL-BEING & GUIDANCE

Counsellor's column

Shrimati Uma Devi
School Wellness Counsellor

The start of this academic year brought with it the electric energy of new beginnings. Our hallways were filled with the excitement of students stepping into higher grades, meeting their new class teachers, and navigating the complexities of new subject rotations. Now, as they move into the heart of the summer break, we have a unique opportunity to channel that energy into meaningful growth.

While summer is a time for relaxation, it is also the perfect season to cultivate habits that the classroom cannot always reach. We strongly encourage parents to be mindful of digital habits. Excessive mobile games and TV can create a “digital fog” that makes the transition back to school difficult. Instead, let's focus on:

- **The Power of Boredom:** Let us limit screen time, so that kids turn to imagination. Encourage activities like reading, storytelling, solving challenging puzzles, creative arts such as drawing and dance, and playing board games like chess, ludo, and word-building activities. These activities sharpen the mind and build the patience necessary for academic success.
- **Empathy Through Contribution:** Involve your child in household chores. Understanding the hard work that goes into running a home helps them appreciate their parents' efforts and develops a sense of “Civic Sense” and responsibility.
- **Social Exploration:** Whether through summer camps or meeting new people in the neighbourhood, summer is for socializing. Share stories of your own childhood,

talk about family values, and discuss different scenarios happening in today's world. These social interactions help children navigate different scenarios in today's world with confidence.

A vital part of a student's journey is understanding that responsibility doesn't take a vacation. Our Holiday homework is thoughtfully prepared and serves as the “academic bridge” that prevents learning loss. We ask for your support in ensuring children view this work as their personal responsibility. Completing it diligently allows them to return in June feeling prepared and confident, rather than overwhelmed.

While the students are away, our work continues. The teaching faculty is currently immersed in a series of rigorous professional development trainings. We are honing our skills and updating our methodologies to ensure we are facilitating learning at an international level. We are preparing ourselves to meet your children after the summer break with new energy, innovative tools, and a commitment to their holistic development—academic, mental, and emotional.

The success of our children relies on a strong partnership between the school and the home. By balancing fun, play, and cultivating responsibility with skill-building, let us together set the stage for a magnificent year ahead.

Let's use this summer to cultivate not just better students, but better human beings. We look forward to seeing our students return in June, healthy, refreshed, and standing tall with the pride of a summer well-spent.
