NEWSLETTER

June 2026

Message from the Chairman & Managing Director

Shri D. Rajeshwar Reddy
Chairman and Managing Director
Edify World School – Attapur

June has been a month of renewed energy as our campus came alive with the return of students after the summer break. It has been encouraging to see classrooms buzzing with curiosity while our celebrations of World Environment Day, International Yoga Day, and World Music Day reminded us that education extends far beyond academics. We have also strengthened our leadership and student support systems with the addition of key professionals, ensuring that every learner receives the guidance and care they deserve. It is heartening to witness Edify World School, Attapur, continue to grow as a place where excellence is built on strong values, meaningful experiences, and a shared vision for the future.

A portrait of Shrimati D Haritha Reddy, the Academic Director of Edify World School – Attapur. She is a woman with long dark hair, wearing a white sari with a blue and green floral border. She is seated at a desk with her hands clasped in front of her.

Message from the Academic Director

Shrimati D Haritha Reddy
Academic Director
Edify World School – Attapur

The new academic session has begun with purpose, planning, and a strong commitment to quality learning. Throughout June, our educators actively participated in professional development programmes and curriculum workshops, equipping themselves with fresh strategies to create engaging and effective classrooms. The induction of experienced academic leaders, counsellors, and support staff has further strengthened our systems, ensuring that every student benefits from a well-rounded educational experience. I look forward to seeing this momentum translate into meaningful learning and continued academic excellence throughout the year.

Message from the Principal

Shrimati Asha Rajeev Nair
Principal
Edify World School – Attapur

After the summer break, June has brought a renewed sense of enthusiasm and purpose across our campus. It has been wonderful to see our school community settle back into routines with positivity, curiosity, and a readiness to embrace new opportunities. Behind the scenes, we have also focused on strengthening the support available to our students by welcoming experienced professionals who will further enrich their learning and well-being. My sincere appreciation goes to our teachers and parents for their unwavering partnership as we continue to create an environment where every child feels encouraged to learn, grow, and thrive.

KEY ANNOUNCEMENTS & SCHOOL INITIATIVES

Strengthening Career Guidance and Academic Exposure at School

The school has taken significant steps to enhance structured career guidance and create wider exposure opportunities for students. As part of this initiative, the school has partnered with the IIT Madras School Connect Programme to provide students with insights into higher education pathways, emerging fields, and research-oriented learning experiences.

Further strengthening its academic collaborations, the school has signed a Memorandum of Understanding with Woxsen University to support student engagement programmes and teacher training initiatives. The partnership aims to promote collaborative learning, academic planning, and professional development.

STUDENT EXCELLENCE & ACHIEVEMENTS

Chintala Sasi Hasini Excels at Global Chess Festival

We are delighted to celebrate the outstanding achievement of Chintala Sasi Hasini of Grade 9 CBSE, who secured 3rd Place in the Best Women Category at the prestigious 360 ONE Global Chess Festival 2026, held at the World Trade Center, Mumbai, from 9th to 18th June 2026.

Competing against talented players from across the globe, Hasini showcased exceptional strategic thinking, determination, and composure. Her remarkable performance earned her a cash prize of ₹25,000, bringing pride to the school community.

State-Level Chess Achievement

Yukthasri R of Grade 6 CBSE for secured 5th place in the Under-11 category at the State Chess Tournament, held at The Premia Academy, Attapur.

Yukthasri's outstanding performance reflects strategic thinking, determination, and perseverance. We are proud of this remarkable achievement and wish her continued success in future tournaments.

STUDENT EXCELLENCE & ACHIEVEMENTS

Double Chess Triumph for P. Bhashvika Ratna

P. Bhashvika Ratna showcased exceptional talent and consistency by securing First Place in the Under-12 category at the ACF Chess Tournament held on 28 June. Continuing the winning streak, Bhashvika also claimed First Place in the Under-15 Rapid Chess Tournament held on 6 June at Orchids International School. These remarkable achievements reflect strategic thinking, dedication, and a passion for the game, making the school proud.

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

The Grade 1 children explored different types of signboards and learned how they help us stay safe, find directions, and follow rules in our daily lives. From Entrance and Exit signs to School Zones, Danger Signs, and Traffic Symbols, our young learners confidently identified and explained their meanings.

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

Grade 1 students enjoyed a fun and engaging activity using family finger puppets. The lesson helped children identify different family members and understand their roles in a family. Students used the puppets to introduce their family members, share simple sentences, and participate in storytelling.

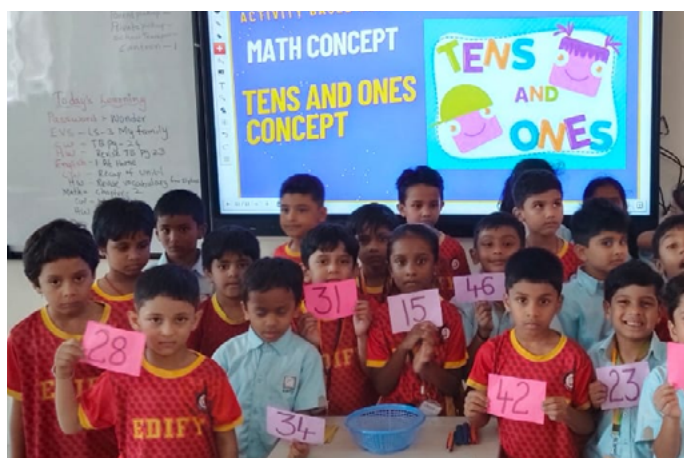

The activity encouraged communication, creativity, and confidence while making learning enjoyable. Through role-play and interaction, children learned the importance of love, care, respect, and cooperation within a family. It was a joyful hands-on experience that strengthened both social and language skills.

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

Little hands, bright minds — Grade 1 students explored tens and ones using popsicle sticks and colour pencils to build two-digit numbers. They traded ten ones for a ten, explained their

thinking in full sentences, and learned through playful teamwork and cheerful smiles. I'm proud of their curiosity, creativity, and confident steps in number sense as we begin the new term together.

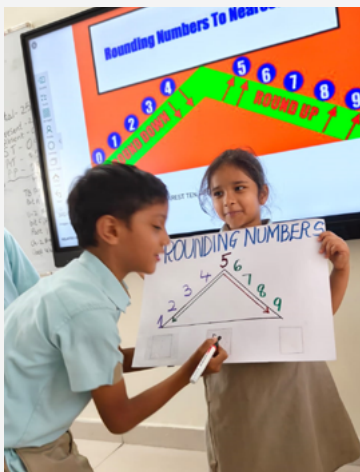

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

Grade 2 students explored the topic “My Family” through a Flip Learning activity, where they created presentations and shared their ideas creatively. The activity enhanced their communication skills, confidence, and creativity while helping them understand the value of family bonds.

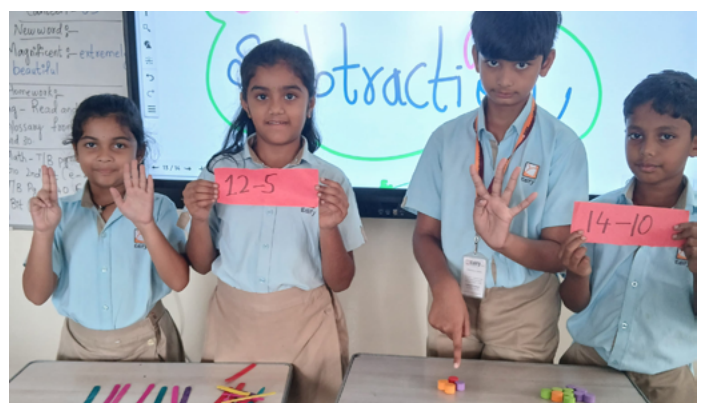

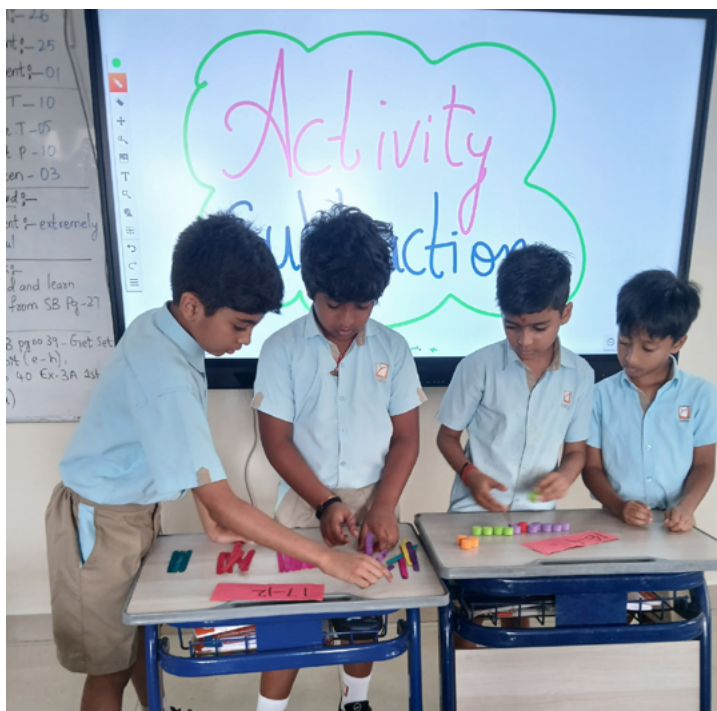

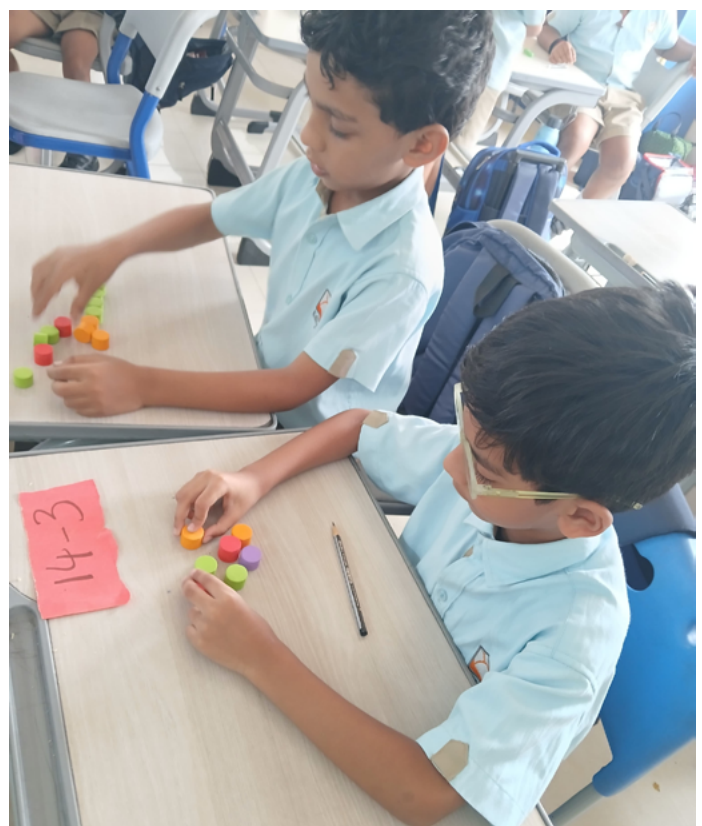

Our young mathematicians participated in an engaging rounding-off activity, exploring numbers in a fun and interactive way. Students learned to identify the nearest tens and hundreds while developing quick thinking and stronger number sense. The hands-on activity encouraged confidence, creativity, and effective communication skills. Through enjoyable learning experiences, students discovered that mathematics can be both meaningful and exciting.

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

Grade 3 mathematicians explored subtraction using beads and popsicle sticks as interactive learning tools. Through hands-on activities, students discovered that subtraction is more than

numbers on a page—it can be seen and understood. The classroom was filled with teamwork, curiosity, and exciting “Aha!” moments as learning came alive.

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

Students of grade 3 actively participated in the Balloon Mask and Grass Head activities during their English lesson, Find Out How!. The hands-on activity helped students understand the importance of following instructions, completing steps carefully, and working with patience. With focus and creativity, the young Edifians created unique masks and Grass Heads while improving their concentration and fine motor skills.

The activity encouraged independent learning, confidence, and creative expression, reflecting the enthusiasm and dedication of our students.

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

Students IKS actively participate in sports and games, bringing energy, enthusiasm, and teamwork to the playground. Through outdoor activities, jungle gym play, and PE sessions, children develop strength, coordination, discipline, and confidence.

These engaging experiences encourage a healthy lifestyle while nurturing important motor and social skills. The joy of play helps students grow, connect, and create memorable learning experiences every day.

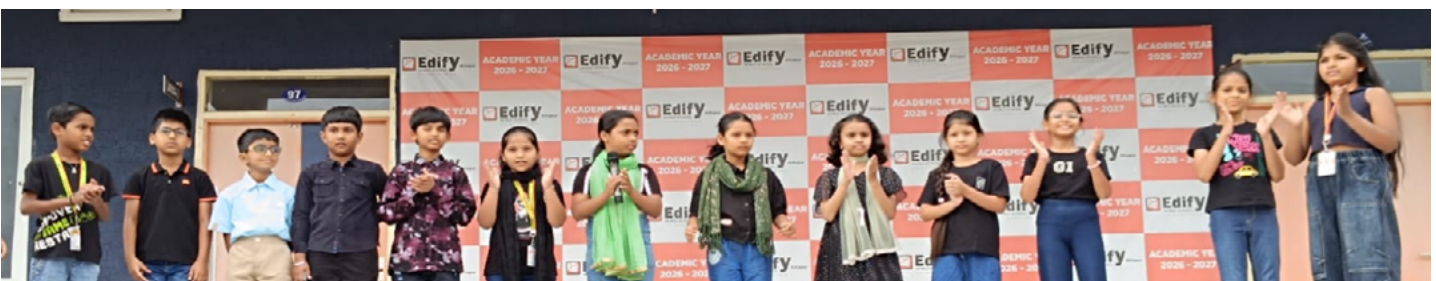

At IKS, young learners transformed simple newspaper sheets into vibrant works of art through a creative colouring activity. With imagination and enthusiasm, children explored colours and patterns, turning ordinary pages into beautiful masterpieces. The activity helped enhance their fine motor skills, concentration, and creativity while making learning a joyful experience.

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

Grade 4 students began the new academic year with a joyful Vacation Talk Show, sharing holiday memories and creating colourful bookmarks. They explored Main and Subordinate Clauses through fun language activities and improved their sentence-building skills. In Mathematics, students enjoyed the “Roller Coaster” activity and learned rounding off numbers through teamwork and problem-solving. The SDG Superheroes Assembly inspired young learners to take action towards a healthier, greener, and more sustainable world. Students also enhanced their vocabulary by discovering and adding new words to their word bank.

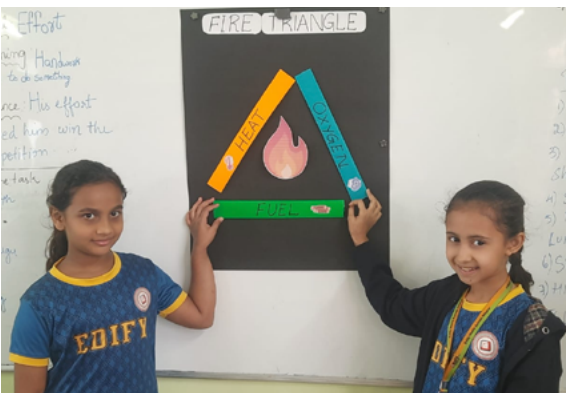

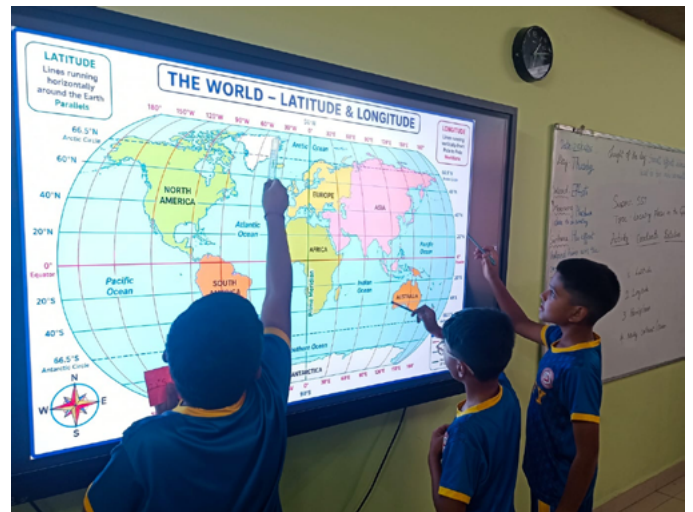

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

Grade 5 Explorers had an exciting week of learning through creativity and reflection. They led an inspiring assembly on “New Year, New Possibilities – Make Every Moment Count,” encouraging everyone to embrace new beginnings. Students explored the power of commas through fun activities and discovered how punctuation can change meaning. They also strengthened their grammar skills by creating multi-clause sentences using interactive learning tasks.

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

Students from Grade 5 engaged in exciting hands-on learning activities across Mathematics, Science, Geography, and Telugu, transforming concepts into real-world experiences. They explored data handling through bar graphs, became Coordinate Detectives to understand maps, and investigated the Fire Triangle through an interactive safety challenge. The Telugu activity “Manchi Alavattu” encouraged students to reflect on good habits and positive values. These engaging experiences strengthened analytical thinking, creativity, practical skills, and holistic learning.

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

The first assembly of the academic year, presented by the IK-3 Rose students, was both engaging and enriching. Centred on the theme “Book vs Mobile,” the young learners confidently highlighted the importance of balancing digital devices with the timeless value of books through thoughtful presentations and expressive performances.

The assembly reflected the students’ enthusiasm, creativity, and growing confidence. It concluded on a celebratory note with the distribution of rewards to the IK-3 Rose students, recognising their sincere efforts and encouraging them to continue learning with curiosity and confidence.

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

The Career Counselling and University Guidance team conducted personalised one-on-one sessions for Grades 11 and 12, focusing on career pathways, subject selection, and profile building. Career awareness sessions were also organised for Grades 9 and 10 (CIE & CBSE) to help students identify their interests and make informed academic choices. The sessions guided students in exploring future opportunities and planning their higher education journey.

LIFE AT SCHOOL: EVENTS & CELEBRATIONS

The reopening day at IKS marked a cheerful beginning as young learners returned to school with bright smiles and excitement. Students reunited with their friends and teachers, filling the classrooms with laughter and happy conversations.

Holiday memories were shared through fun activities and engaging interactions. The day set the tone for a new journey of learning, growth, and memorable experiences.

Our Grade 1 learners joyfully marked the beginning of the new school term with a delightful Back to School Assembly. Through confident presentations, a lively skit, songs, and thoughtful messages, they highlighted the values of friendship, responsibility, kindness, and a positive approach to learning.

LIFE AT SCHOOL: EVENTS & CELEBRATIONS

Grade 3 Inquirers presented a heartwarming assembly on the theme “Together We Belong, Together We Grow.” Through an engaging skit, students highlighted the importance of kindness, friendship, and support in building an inclusive community. The presentation beautifully conveyed that empathy and acceptance help everyone feel valued, learn, and grow together.

LIFE AT SCHOOL: EVENTS & CELEBRATIONS

Following the summer break, a welcome assembly for Grades 9–12 was conducted by the teachers. The assembly marked the beginning of the new term with an encouraging and positive at-

mosphere. Teachers shared inspiring messages, motivating students to embrace new opportunities and challenges. The session set the tone for a successful and productive academic journey ahead.

LIFE AT SCHOOL: EVENTS & CELEBRATIONS

Edify School celebrated Telangana Formation Day with great enthusiasm and pride. The celebration commenced with Principal Shrimati Asha Rajeev Nair lighting the ceremonial lamp. The event highlighted the rich culture, heritage, and significance of Telangana. The celebration fostered a sense of unity, respect, and appreciation for the state's history and identity. The event concluded with a message of harmony and collective growth.

The Junior Student Council Round 1 Interviews witnessed enthusiastic participation from aspiring young leaders. Students showcased confidence, responsibility, and leadership qualities through thoughtful responses and meaningful discussions. The interviews highlighted their commitment, resilience, and readiness to take on leadership roles. The initiative reflects the school's vision of nurturing responsible, compassionate, and future-ready leaders.

LIFE AT SCHOOL: EVENTS & CELEBRATIONS

International Yoga Day was celebrated with great enthusiasm as students participated in various yoga asanas under the guidance of the Sports Team. The session helped students understand the

significance and health benefits of yoga. It highlighted the importance of physical fitness, mental well-being, and maintaining a balanced lifestyle. The event was a rejuvenating and enriching experience for all.

LIFE AT SCHOOL: EVENTS & CELEBRATIONS

LIFE AT SCHOOL: EVENTS & CELEBRATIONS

IKS celebrated Father's Day with the grand launch of EPL – Edify Premier League, bringing fathers together for an exciting cricket experience. The event highlighted the joy of bonding, teamwork, and sportsmanship as fathers and children created cherished memories on the field. The celebrations also embraced Yoga Day and World Music Day, promoting wellness, harmony, and creativity. A perfect blend of fitness, music, and family spirit made the day vibrant, meaningful, and unforgettable.

LIFE AT SCHOOL: EVENTS & CELEBRATIONS

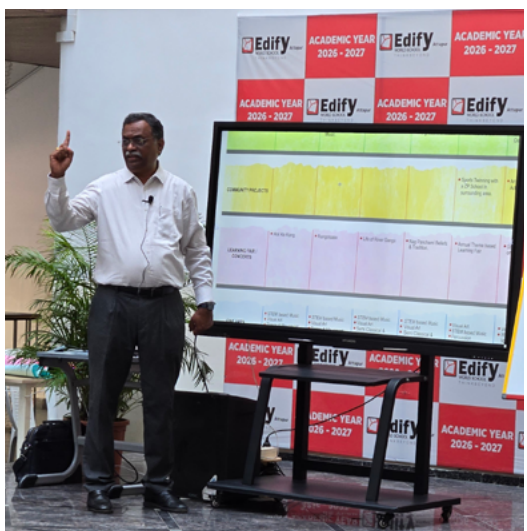

TEACHING EXCELLENCE & PROFESSIONAL DEVELOPMENT

Strengthening Teacher Practices Through Professional Learning

A two-day Faculty Development Workshop led by Dr. A. Senthil Kumaran, Chief Confluencer & Founder of the Learners Confluence, provided educators with valuable insights to enhance their teaching practices. The workshop focused on strengthening pedagogical approaches, reflective practices, and effective classroom strategies. Through

interactive sessions and collaborative activities, teachers explored innovative methods to enrich student learning experiences. The programme empowered educators to adapt, innovate, and create more engaging learning environments. It reaffirmed the school's commitment to continuous professional growth and excellence in education.

TEACHING EXCELLENCE & PROFESSIONAL DEVELOPMENT

Exploring New Dimensions of Learning Through Inquiry and Experience

A dynamic and insightful Faculty Development Workshop on Inquiry-Based and Experiential Learning was conducted by Mr. Venkat Lola, School Wellness Counselor, inspiring educators to rethink traditional approaches to classroom instruction. The session focused on nurturing curiosity, encouraging exploration, and creating opportunities for stu-

dents to learn through experience. Through engaging activities and meaningful discussions, teachers gained practical strategies to promote critical thinking, collaboration, and real-world connections. The workshop strengthened the commitment towards creating innovative, student-centred, and future-ready learning spaces.

TEACHING EXCELLENCE & PROFESSIONAL DEVELOPMENT

Empowering Educators Through the Lens of Multiple Intelligences

The Faculty Development Programme on Multiple Intelligences, facilitated by Ms. Suman Roy, coordinator (Grade 5) provided an enriching platform for educators to explore diverse approaches to teaching and learning. Through interactive discussions and engaging activities, participants reflected on

inclusive practices and learner-centred strategies. The session equipped teachers with practical tools to identify and nurture individual strengths, fostering a more dynamic classroom environment. The programme reaffirmed the school's commitment to innovative, inclusive, and future-ready education.

TEACHING EXCELLENCE & PROFESSIONAL DEVELOPMENT

Empowering Educators Through Effective Assessment Practices

As part of its continuous professional development programme, EWSA conducted a training session on "Assessments and Result Analysis" for teachers of Grades I–XII, led by Mr. Racharla Saikrishna, SSP CBSE Academic Coordinator and Examination Head. The session focused on competency-based assessments, effective question paper design, result analysis, and meaningful feedback practices aligned with CBSE and Cambridge frameworks. Teachers also explored vertical mapping of learning outcomes to ensure consistency and progression across grades. The interactive workshop equipped educators with practical strategies to make assessments more purposeful, data-driven, and learner-centric.

Empowering Educators Through the Power of AI

A Faculty Development Programme on Artificial Intelligence, facilitated by Ms. Kiran Jyothsna, provided educators with an engaging and insightful learning experience.

The session explored AI-integrated teaching strategies through discussions, activities, and practical applications. Teachers gained valuable ideas on using AI tools to enhance student learning and classroom engagement.

The programme reinforced the school's commitment to innovation and creating a future-ready learning environment.

TEACHING EXCELLENCE & PROFESSIONAL DEVELOPMENT

Learning Gaps & Remediation Strategies and Code of Conduct for Teachers

On July 5 & 6, Teacher Orientation Programme on “Code of Conduct for Teachers” and “Learning Gaps & Remediation Strategies” was conducted by Mr. Shrinivas H., Vice Principal. The sessions focused on teachers’ professional responsibilities, ethical practices, and maintaining a positive school environment. Teachers were guided on identi-

fying learning gaps through assessments and implementing effective remedial strategies. The programme highlighted diagnostic evaluation, differentiated instruction, personalised learning, and continuous monitoring of student progress. The sessions equipped teachers with practical approaches to support diverse learners and enhance academic outcomes.

TEACHING EXCELLENCE & PROFESSIONAL DEVELOPMENT

Notebook Work Policy Training: Transforming Notebooks into Habits, Records, and Reflective Learning Tools

A comprehensive Notebook Work Policy training session was conducted for teachers, focusing on moving beyond notebooks as mere spaces for written work and transforming them into powerful tools for learning, assessment, and reflection. Teachers were guided on how notebooks can become a habit-building practice, where students

develop consistency, organisation, responsibility, and ownership of their learning. The session highlighted the importance of establishing clear routines such as maintaining neat presentation, recording learning objectives, completing tasks regularly, and using feedback to improve continuously

Message from the Sports & Performing Arts Coordinator

Mr. V. Gopal
Coordinator - Sports & Performing Arts
Edify World School – Attapur

Sports and Performing Arts are integral to holistic education, fostering confident, disciplined, and well-rounded learners by providing opportunities that extend beyond the classroom. These experiences help students develop teamwork, leadership, creativity, resilience, and self-expression, preparing them to excel in every aspect of life.

This academic year, we continue to encourage every child to participate actively in a wide range of sporting and cultural activities, enabling them to discover their unique talents, build confidence, and embrace challenges with enthusiasm. Through competitions, performances, and collaborative experiences, our students acquire invaluable life skills that contribute to their personal growth and future success.

We remain committed to creating an environment where every learner feels inspired to participate, strive for excellence, and celebrate both effort and achievement. By nurturing a spirit of sportsmanship, creativity, and perseverance, we aim to empower our students to become compassionate leaders and confident individuals who are ready to make meaningful contributions to the world.

Message from the Head of the Sports Department

Mr. M G Satyanarayana
Head of the Sports Department
Edify World School – Attapur

Sport is far more than competition—it is a powerful platform for building character, resilience, teamwork, and leadership. Reflecting on the past academic year, I am proud of the enthusiasm, discipline, and determination demonstrated by our students across a wide range of sporting activities and competitions. Their achievements, both on and off the field, are a testament to their hard work and commitment to excellence. The previous year witnessed several notable accomplishments in athletics, team sports, chess, skating, and other sporting disciplines, bringing recognition to our school at district, state, and national levels. Equally important was the spirit of participation

shown by students who embraced challenges, learned valuable life skills, and represented the school with pride and sportsmanship.

As we begin a new academic session, we look forward to creating even more opportunities for students to discover their potential, develop healthy habits, and pursue sporting excellence. I encourage every learner to actively participate in sports and physical activities, as they play a vital role in holistic growth and well-being.

I congratulate all our student athletes, coaches, and parents for their continued support and dedication, and I look forward to another exciting year of achievement, teamwork, and sporting success.

CAREER & UNIVERSITY GUIDANCE

Career Counsellor's Compass

Ms. Janisar Qureshi
Career Counselor

Preparing Students for Careers of the Future

The world of work is evolving at an unprecedented pace. Advancements in Artificial Intelligence, automation, biotechnology, sustainability, space technology and digital transformation are reshaping industries and creating career opportunities that did not exist a decade ago. As educators, parents and career counselors, our role is no longer limited to preparing students for today's careers. We must equip them with the knowledge, skills and mindset to thrive in the careers of tomorrow.

The future job market will demand more than academic excellence. According to global workforce trends, emerging industries will seek professionals who are adaptable, innovative and capable of continuous learning. As technology transforms the workplace, students must be prepared not only to respond to change but also to lead it.

This evolving landscape requires a new approach to career planning. Rather than asking, "What job do I want to do?", students should begin asking, "What skills, experiences and competencies will help me succeed in an ever-changing world?"

Tomorrow's careers will increasingly lie at the intersection of multiple disciplines. Fields such as Artificial Intelligence, Data Science, Cybersecurity, Robotics, Biotechnology, Renewable Energy, Space Technology, Digital Healthcare and Sustainable Development are expected to become some of the fastest-growing career sectors globally.

Alongside technical expertise, employers are placing equal emphasis on transferable skills such as critical thinking, creativity, communication, collaboration, leadership, adaptability and emotional intelligence. These future-ready competencies will distinguish successful professionals in an increasingly technology-driven world.

At Edify World School, career counselling goes far beyond helping students choose subjects or identify universities. Our objective is to empower every learner to make informed and confident career decisions by understanding their interests, strengths, personality and aspirations. Through structured career guidance programmes, psychometric assessments, industry interactions, university engagement, internships, career fairs and experiential learning opportunities, we will expose students to a wide range of career pathways while helping them build the skills needed for future success.

We believe that career counselling is a journey of self-discovery rather than a one-time decision. By encouraging students to explore possibilities, develop future-ready competencies and connect learning with real-world experiences, we prepare them not just for higher education, but for meaningful and fulfilling careers in an ever-evolving global landscape.

The future belongs to learners who are curious, adaptable and willing to embrace change. ***At Edify, we are committed to helping every student discover their potential and confidently navigate the careers of tomorrow.***

Ms. Anjum Fatima
School Special Educator

Beyond the Marks: Turning Assessment into Growth

The First Formative Assessment (FA1) is an important milestone that often brings a mix of emotions for children and parents alike. While marks provide a snapshot of a child's performance at a particular point in time, they do not define their intelligence, potential, or future success. Every assessment is an opportunity to understand a child's strengths, identify areas for improvement, and support their learning journey. As parents, your response to your child's results has a lasting impact. Instead of asking, "Why did you score less?"*, try asking, "What did you find difficult?"* or "How can we work on this together?"* Such conversations encourage children to reflect honestly on their learning and see challenges as opportunities to improve rather than reasons to feel discouraged.

Avoid comparing your child with siblings or classmates. Every child learns differently and progresses at their own pace. Celebrate their effort, acknowledge their improvement, and encourage habits that lead to long-term success, such as regular revision, consistent reading, effective time management, and seeking help whenever re-

quired. If your child has performed well, appreciate the dedication and discipline that contributed to their achievement, not just the marks themselves.

If your child is finding certain subjects difficult, approach the situation with curiosity instead of criticism. Understanding whether the challenge lies in concepts, confidence, concentration, or practice is the first step towards meaningful improvement. Stay connected with your child's teachers, who can provide valuable insights into their learning habits and suggest strategies to support them both at school and at home. If concerns persist despite regular support, seeking timely guidance can make a significant difference.

Above all, let your child know that your love and support are never determined by a report card. Children who feel secure are more willing to ask questions, learn from mistakes, and develop resilience. Together, parents and teachers can help every child view assessments not as an endpoint, but as a stepping stone towards confidence, growth, and a lifelong love for learning.

A Joyful June: Kicking Off the School Year Together!

Welcome back, everyone! It feels wonderful seeing our hallways buzzing with laughter and energy after a refreshing summer break. June marks a beautiful fresh start, and we are absolutely thrilled to welcome the children back to school. Now, the real journey in the classroom begins! As we settle in, it is the perfect time for our students to build good habits—staying on top of their daily tasks, keeping their work complete, and gently preparing for their upcoming periodic assessments. Step by step, they've got this!

To make this year amazing, we need to work as a team. We lovingly ask you, dear parents, to guide them and stand firmly behind them as their biggest cheerleaders. This is the perfect moment to help our children step away from social media screens

and instead dive into the joy of books and real-life friendships. Please remember, we are always here to support your kids—or rather, our kids! We have so many exciting, engaging wellness activities in store for our wonderful children this year to keep them happy, connected, and thriving.

Here is a golden tip to kickstart the year: try sitting with your child to help them plan their daily routine, ensuring they get plenty of restful sleep. Most importantly, make it a habit to ask them, “What did you learn or enjoy at school today?” This simple question does wonders. It builds a beautiful lifelong bond, lets them know they are heard, and keeps them mentally strong, happy, and confident. Let's make this academic year an incredible, mindful, and joyful journey for our children!

Nurturing Emotional Well-being: Building a Safe and Supportive School Community

During this month, the primary focus was on promoting awareness of emotional well-being and fostering a safe, supportive, and inclusive environment where students felt comfortable expressing themselves. Various classroom sessions, informal interactions, and individual conversations were conducted to help students understand the importance of mental health, emotional regulation, self-awareness, and self-care as essential aspects of their overall well-being. Efforts were made to normalize discussions around emotions by encouraging students to openly share their thoughts, feelings, and concerns without fear of judgment. Building rapport and trust with students remained a key priority, as consistent and approachable interactions helped strengthen their confidence in seeking support whenever required. Students were reassured that their concerns would be listened to

with empathy, respect, and confidentiality, allowing them to feel heard, valued, and emotionally safe. Throughout the month, emphasis was also placed on reducing the stigma associated with mental health by reinforcing that experiencing emotional challenges is a normal part of life and that asking for help is a sign of strength rather than weakness. Continuous observation during classroom sessions and daily school interactions enabled the identification of students who might benefit from additional emotional or behavioural support, allowing for timely guidance and appropriate interventions. The month's initiatives aimed to establish a strong foundation for a school culture where every student feels accepted, emotionally secure, and empowered to seek help, express themselves freely, and develop the skills necessary to maintain positive mental and emotional well-being.
