Message from the Chairman & Managing Director

Shri D. Rajeshwar Reddy
Chairman and Managing Director
Edify World School – Attapur

A truly progressive institution does not simply measure itself by the curriculum it delivers, but by the horizons it opens for its students. When we look at the defining milestones of this past month, what stands out is our deliberate focus on connecting Edify World School, Attapur, to the wider world.

Our partnership with Cialfo to host the International University Fair, the specialized masterclasses conducted on our campus by faculty from the University of Leeds on “Networks and Graphs,” and the senior immersive visit to Woxsen University all stem from a singular commitment: ensuring our learners develop early clarity about their global higher-education pathways. We want our students to engage with university-level

discourse, explore emerging fields from Sports Science to Fashion Design, and see themselves as future leaders on an international stage.

Parallel to empowering our students, we continue to invest in institutional leadership. The active participation of our academic leadership team in the K–12 professional development conclave at Le Méridien—under the banner of “Shared Table, Shared Purpose”—reaffirms that our educators are continually evolving alongside global best practices. As we move forward into this academic year, our foundation remains clear: blending world-class infrastructure with deliberate academic pathways so every Edify student steps into the future with confidence and purpose.

Message from the Academic Director

Shrimati D Haritha Reddy
Academic Director
Edify World School – Attapur

A school's intellectual depth is directly anchored in the caliber of its educators and the authenticity of the learning experiences it curates. Great teaching goes beyond syllabus completion; it sparks the critical thinking required to synthesize, create, and solve real-world problems.

It is an immense privilege to celebrate our outstanding faculty members who have earned state and national acclaim this season. We take immense pride in Ms. Nikshita Rao Dustakar receiving the Iconic India Award under the ASTITVA Awards initiative, Ms. Niharika Muktevi being recognized with the prestigious ATHENA ARISTEIA – Inspiring Teacher Award at CelebriTeacher 2026 by the Hyderabad Sahodaya Schools Complex, and Ms. Ankita

Beniwal being conferred with the esteemed Rashtra Ratna Samman. When educators are recognized at such high platforms, their passion directly inspires the intellectual vitality of every classroom they enter.

This culture of inquiry is reflected dynamically in our students' work. When our Grade 6 CBSE Inquirers won the "Best Film – People's Choice" Award at the Val-Ed National Short Film Competition, they were not merely completing a media assignment. They were learning how to craft narratives with empathy, collaborate under creative constraints, and communicate messages of social value to a national audience. It is this balance of pedagogical rigor and creative agency that defines our academic philosophy at Edify.

Message from the Principal

Shrimati Asha Rajeev Nair
Principal
Edify World School – Attapur

Walk across our campus on any morning, and you will see that character is not built in theory—it is forged in action. Whether it is an intense chess endgame requiring hours of strategic discipline or the collective energy of a basketball team pushing through the final quarter, learning comes alive when students pour their hearts into what they do.

This past month has been a remarkable showcase of grit, talent, and teamwork across our sporting arenas. From our tennis champions B. Bhuvanika Naidu and Aadhya Sheari clinching top honors in the Twin Cities and Telangana State Ranking Tournaments, to Chintala Sasi Hasini earning her selection for the Under-15 Chess Nationals alongside stel-

lar podium sweeps at the Meluha Mahotsav, our students have demonstrated extraordinary focus. Our cricket and basketball teams brought home hard-fought bronze finishes, while our martial artists secured six medals at the 70th SGF Taekwondo Tournament through sheer perseverance.

Behind every medal and podium finish lies early-morning discipline, the resilience to bounce back from defeat, and the unwavering encouragement of our coaches, teachers, and parents. As we celebrate our young athletes, artists, and scholars, we are reminded that our greatest joy as an Edify community is watching our children discover their own strength and wear it with grace and humility.

KEY ANNOUNCEMENTS & SCHOOL INITIATIVES

Ms. Niharika Muktevi Honoured with ATHENA ARISTEIA – Inspiring Teacher Award

Our EVM & ICT Facilitator, Ms. Niharika Muktevi, was honoured with the prestigious ATHENA ARISTEIA – Inspiring Teacher Award at CelebriTeacher 2026, presented by the Hyderabad Sahodaya Schools Complex (HSSC). The award recognises her dedication, passion, and meaningful contribution to teaching and learning. Her achievement

marks a proud moment for the entire Edify family. The recognition celebrates her commitment to creating engaging and meaningful learning experiences for students.

Edify World School congratulates Ms. Niharika on this well-deserved honour and wishes her continued success in her professional journey.

KEY ANNOUNCEMENTS & SCHOOL INITIATIVES

Edify Faculty Honoured with Rashtra Ratna Samman – 2026

Ms. Ankita Beniwal was honoured with the prestigious Rashtra Ratna Samman – 2026 in recognition of her achievements and contributions. The recognition celebrates her dedication, commitment and accomplishments in her field. A special rec-

ognition creative was presented to commemorate this achievement. The honour reflects her inspiring journey and continued pursuit of excellence. The EWSA community congratulates Ms. Beniwal and wishes her continued success in the years ahead.

KEY ANNOUNCEMENTS & SCHOOL INITIATIVES

Teacher Honoured at Iconic India Awards

Ms. Nikshita Rao Dustakar, Grade-II Facilitator at EDIFY World School, Attapur, was honoured at the Iconic India Awards – Special Independence Day Edition 2026 in the Education category.

Presented by the Treta Yug Foundation under its AS-TITVA Awards initiative, the honour recognised her dedication and contribution to education. She received an Award Certificate, Trophy, Medal, and Award Letter as part of the recognition.

KEY ANNOUNCEMENTS & SCHOOL INITIATIVES

Edify World School Hosts International University Fair, Connecting Students with Global Opportunities

On 3rd September, Edify World School, Attapur, hosted an engaging International University Fair in collaboration with Cialfo, bringing global higher-education opportunities closer to our students.

Representatives from leading universities, including the University of Leeds, University of Stevenson,

Rochester Institute of Technology (RIT), University of Exeter, University of Sheffield, and many more, interacted with our students.

Students enthusiastically engaged with the university representatives, exploring academic programmes, admission pathways, scholarships and global career opportunities.

KEY ANNOUNCEMENTS & SCHOOL INITIATIVES

STUDENT EXCELLENCE & ACHIEVEMENTS

Young Voices, Big Impact: Edify Students Win National Film Award

A Proud Moment for Edify World School, Attapur! We are proud to share that our Grade 6 CBSE Inquirers - Janmejay Shinde, Jivika Agarwal, Kaniish Garlapalli, Shreyansh Reddy, Suhas Mamidi, Aarush and Sardar Japmann Singh - won the “Best Film – People’s Choice” Award (Junior Category)

at the Val-Ed National Short Film Competition 2026. Their short film powerfully highlighted the issue of child labour, conveying that every child deserves the right to learn, play and dream. This win celebrates their creativity, teamwork and social awareness.

STUDENT EXCELLENCE & ACHIEVEMENTS

Edify Students Shine Across Multiple Sporting Events

Edify World School, Attapur, proudly celebrates a series of outstanding sporting achievements by our students across lawn tennis, basketball, cricket, chess and taekwondo. Their performances reflect talent, dedication, teamwork and perseverance.

In lawn tennis, B. Bhuvanika Naidu of Grade 7 CBSE Scholars secured 1st place in the Twin Cities Ranking Tournament Girls Under-12 category and won a Bronze Medal in the Under-14 category at Meluha Mahotsav. Aadhya Sheari of Grade 4 Inquirers secured 1st place in the Telangana State Ranking Lawn Tennis Tournament Under-10 Girls category and was Runner-Up in the District-Level Competition.

Our Under-14 basketball team secured 3rd place at the Meluha Mahotsav Basketball Tournament. The team included students from Grades 6 to 9, whose excellent coordination and teamwork earned them a well-deserved podium finish. The Edify cricket team also secured 3rd position and a Bronze Medal at the Meluha Mahotsav Cricket Tournament.

Chess brought several notable victories at the Meluha Mahotsav 2026. Vivaan Sashi Beetkuri secured 2nd

place in the Under-14 Boys category, while Ridhima Singh won 1st place and Yuktha Sri secured 2nd place in the Under-14 Girls category. In the Under-17 Girls category, Pithani Bhashvika Ratna secured 1st place and Parinita Bitla finished 2nd. Chintala Sasi Hasini of Grade 9 also secured 2nd place in the Telangana State Under-15 Chess Championship and was selected for the Under-15 Nationals.

Our taekwondo athletes delivered another impressive performance at the 70th SGF Taekwondo Tournament, securing six medals. Lucky Amore Deena, Mantha Prahlad, Shashvat Thakur and Rasamalla Hridyan-shu won Silver Medals, while Vihas Ram and Meezan Sadiq secured Bronze Medals across the Under-14 and Under-17 categories.

These achievements are a testament to the hard work of our students and the constant support of their families, coaches and teachers. We congratulate all our young athletes and wish them continued success in their sporting journeys.

STUDENT EXCELLENCE & ACHIEVEMENTS

STUDENT EXCELLENCE & ACHIEVEMENTS

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

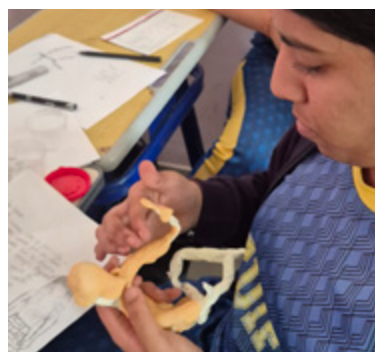

Bringing Stories to Life: Students Explore the World of Character Design

On September 16, students of Grades 11 and 12 stepped into the fascinating world of Character Design, exploring how ideas, personalities and stories can be transformed into compelling visual characters. The workshop was led by Mr. Balakiran Pandramgi, Associate Professor of Game Design and an Unreal Certified Instructor at Pearl Academy. Through an engaging and hands-on session, students gained insights into the creative

process behind character development and the role of design in gaming and digital storytelling.

Sessions like these help students look beyond conventional career pathways and discover how creativity, technology and storytelling come together to shape emerging fields.

A meaningful learning experience that encouraged our students to imagine, create and bring ideas to life.

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

Exploring New Horizons: University of Leeds Masterclasses at Edify

We were delighted to host two exclusive masterclasses by faculty members from the University of Leeds on 18 September 2026, giving our students an opportunity to engage with university academics and explore new perspectives beyond the classroom. Engineering, Mathematics & Technology – “Networks and Graphs” Led by Professor Rob Sturman, the session introduced students to the fascinating applications of

mathematics and networks in real-world contexts. Business & Future Careers – “AI and the Future of Work” Led by Dr Meenakshi Sarkar, the session encouraged students to explore how Artificial Intelligence is transforming business, careers and the skills needed for the future.

These enriching sessions encouraged our students to question, explore and connect academic learning with future opportunities.

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

Grade 1 EdiTalk brought parents, teachers, and students together for an engaging day of shared learning. Through storytelling, role-plays, interactive activities, and discussions, students explored new ideas and expressed themselves confidently. The hands-on experiences encouraged curiosity, creativity, and active participation among the young learners. The event highlighted the importance of a strong partnership between school and family in supporting children's development. It was a joyful and memorable celebration of learning, confidence, and togetherness.

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

Grade 2 EdiTalk Series: A Joyful Learning Experience

An engaging EdiTalk series was organised for Grade 2 students hosted, creating a meaningful learning experience for students and parents alike. Parents participated enthusiastically, offering their valuable presence and encouragement. The event provided an opportunity for students to

share their learning and showcase their confidence. The warmth and support of the parents made the occasion truly special.

Together, students, parents, and teachers celebrated the joy of learning and collaboration.

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

Fraction Fun with Paper Folding

Grade 2 learners explored the concept of fractions through an engaging paper-folding activity. By folding paper into equal parts,

they learned to identify and understand fractions such as $\frac{1}{2}$ and $\frac{1}{4}$. The hands-on activity made learning fractions simple, visual, and enjoyable.

It encouraged students to learn mathematical concepts through creativity and active participation.

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

Promoting healthy habits and celebrating young achievers, IK-3 learners took centre stage in an engaging special assembly. Through a lively presentation, students highlighted the importance of nutritious food and shared simple ways to make healthier choices. They explored how balanced meals help us stay active, strong, and energetic throughout the day. The assembly also celebrated the achievements of our young learners, recognising their hard work and accomplishments. It was a joyful celebration of healthy choices, learning, and the spirit of achievement.

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

KS-3 students embarked on an exciting journey into space through an engaging Experiential Learning Kit activity. They explored the planets and discovered fascinating facts about our Solar System. Using the hands-on kit, students created their own models and arranged the planets in their respective positions. The activity encouraged curiosity, creativity, and a deeper understanding of space through experiential learning. Our young space explorers discovered that learning becomes truly exciting when curiosity meets creativity!

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

Little Hands, Big Responsibilities: IK-1 Learners Go Green!

With tiny hands and big curiosity, our IK-1 learners took their first steps towards becoming caring guardians of nature. The young learners explored different plants, observing their colours, textures, and importance in keeping our environment healthy. They enthusiastically planted saplings and discovered the importance of nurturing plants with care and patience. The hands-on experience sparked curiosity while building early awareness of environmental responsibility. Through this joyful activity, our little learners showed that small hands can grow big ideas—and greener futures!

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

Little Chefs Stir Up Joy and Learning!

With chef hats on and enthusiasm at heart, our little IKS chefs stepped into the world of cooking through the delightful “Chhota Chef” activity. Bringing ingredients from home, students worked together to prepare delicious treats while learning valuable lessons in hygiene, cleanliness, teamwork, and sharing. The hands-on experience encouraged creativity and confidence as they discovered the joy of creating something themselves. The highlight came when our young chefs shared their homemade treats with everyone in school, spreading smiles across the campus. It was a wonderful celebration of learning, collaboration, and the joy of giving.

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

Students Step into the World of Don Quixote

Grade 5 students brought the timeless world of Don Quixote to life as they completed an adapted edition of the classic as part of the Uninterrupted Sustained Silent Reading (USSR) Initiative. Immersing themselves in the story, they followed the characters through their adventures while exploring its humour, imagination, and meaningful

themes. As a reflection activity, students worked collaboratively in teams to share their thoughts and insights. They discussed new vocabulary, favourite characters, memorable moments, and the lessons they took away from the story. The activity encouraged collaboration, thoughtful reflection, and a deeper appreciation for the joy and richness of literature.

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

Grade 3 Celebrates Learning, Leadership and Healthy Living

Students of Grade 3 brought the stage alive with a vibrant series of General Assemblies that celebrated responsibility, healthy living and meaningful learning.

Our Stalwarts highlighted the importance of leadership, responsibility and citizenship through an engaging skit and energetic dance performance.

Grade 3 Organisers focused on health, hygiene and nutrition, sharing simple yet important ways to make healthy choices every day. The students emphasised the importance of nutritious food, personal hygiene and staying active and fit.

Our Innovators and Believers beautifully showcased

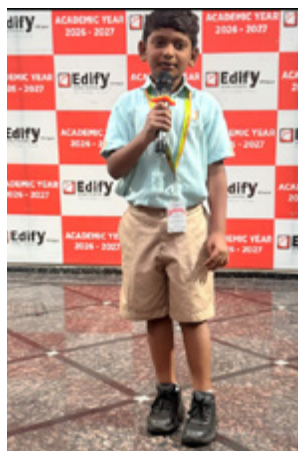

their learning from all the Term 1 themes through a creative skit and lively dance. Their performances reflected curiosity, creativity, knowledge and confidence developed throughout the term.

Our Grade 3 scholars put up a wonderful assembly highlighting the importance of responsibility. Through an engaging skit and energetic dance performance, they beautifully showcased how being responsible helps us become better individuals and responsible citizens.

Together, the assemblies showcased how Grade 3 students are learning to become responsible, healthy and confident young citizens.

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

Grade 3 & 5 learners brought creativity, culture, and environmental consciousness together through a series of engaging activities. As part of CCA – Eco-Friendly Festive Decor

Making, students created vibrant festive decorations using sustainable materials. Their innovative designs beautifully reflected India's rich traditions while promoting responsible celebrations.

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

Learning came alive in the kitchen as Grade 3 learners turned fresh, nutritious ingredients into a delicious Monsoon Chaat. As part of the Go Sharpener Activity, students from Grade 3 prepared a wholesome mix of pomegranate, puffed rice/makhana, roasted peas, paneer, chaat masala, and

salt. The hands-on activity introduced students to the importance of healthy, oil-free food choices in an enjoyable way. Working together, they explored how simple ingredients can create a tasty and balanced snack. The activity encouraged healthy eating habits while making learning interactive, practical, and fun.

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

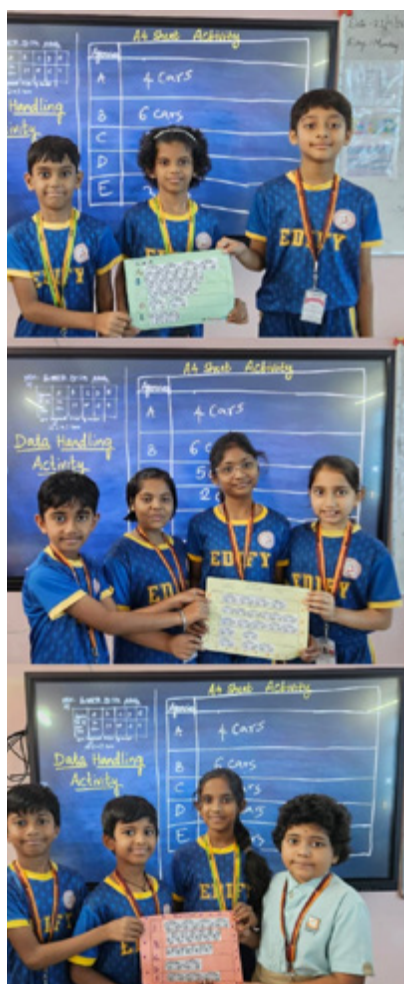

Students of Grade 5 brought nutrition and creativity together through an engaging Autumn Protein Bar Making experience under the Go Sharpen Initiative. Using wholesome ingredients, they explored how simple, nourishing foods can be transformed into delicious, energy-packed treats. The hands-on activity encouraged students to make mindful food choices and understand the importance of balanced nutrition. Working collaboratively, they experimented with ingredients, flavours, and creative combinations. The experience reinforced a valuable lesson: wellness begins with the choices we make every day.

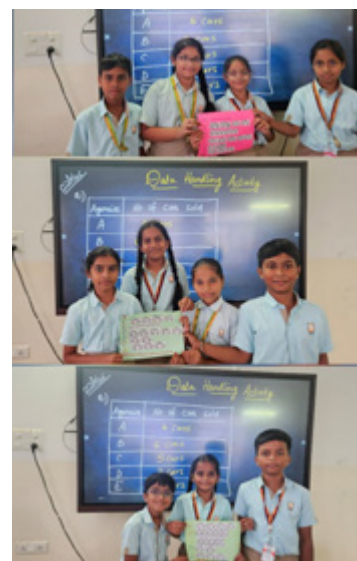

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

Grade 4 Edifiens brought classroom concepts to life through a series of engaging, hands-on learning experiences. In Data Handling – Pictographs, students gathered, organised, and interpreted information while creating colourful pictographs, strengthening multiplication, skip counting, and data interpretation skills.

In Our Natural Resource – Soil, students explored sustainability through a Mini Compost Pit Activity, learning how kitchen waste can be transformed into nutrient-rich compost. During the Science Activity – Plant Adaptations, young scientists investigated the waxy coating on leaves and discovered how it helps plants prevent excess water and protect themselves from damage. These experiences encouraged curiosity, critical thinking, creativity, problem-solving, and environmental awareness, making learning meaningful beyond the textbook.

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

EdiTalk: Inspiring Young Minds Beyond the Classroom

Learning stepped beyond the classroom as Edify World School's EdiTalk series brought parents and students of Grades 4 & 5 together for meaningful conversations and shared learning.

The "Roots of Knowledge & Wisdom" session featured parents as guest speakers, sharing their expertise, experiences, and valuable life lessons with students. Through engaging interactions, students gained in-

sights that went beyond textbooks and connected classroom learning with real-world experiences. The session also fostered a strong bridge between home and school, celebrating diverse perspectives and the power of shared knowledge.

The enriching series reaffirmed that when parents, teachers, and students learn together, education becomes a lifelong journey.

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

Growing, Harvesting and Learning: Grade 6 Students Visit the Principal

Learning took root in a truly meaningful way as Grade 6 students proudly visited the Principal Ma'am with the harvest from their section of the school's organic garden. As part of their hands-on gardening experience, students have been responsible for a dedicated section where they sow seeds, add organic fertilisers and carefully observe and record the growth cycle of their plants. From planting tiny seeds to nurturing them into healthy plants and finally har-

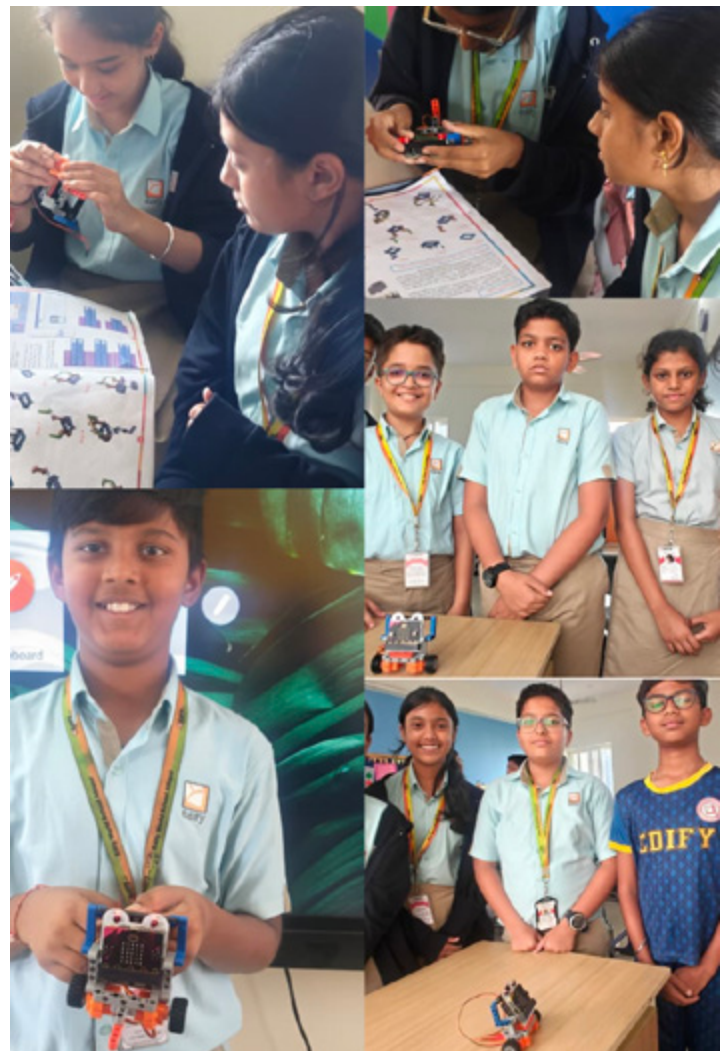

vesting the produce, the experience has helped students understand the value of patience, responsibility and sustainable practices. The visit to the Principal Ma'am was a proud moment for the young gardeners as they shared the fruits of their work. The activity demonstrated how a school garden can become a living classroom where students learn through observation, care and real-world experience.

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

Coding came alive as students of Grades 7 & 8 transformed their Cubebots into responsive robots using the Micro:bit and block-based programming. Through MakeCode, they created simple commands that enabled the Cubebots to move and respond to their surroundings. By experimenting with sensors, students explored how robots can react to light, sound and motion using loops

and conditions. The hands-on activity strengthened their creativity, teamwork and problem-solving skills while connecting coding concepts to real-world technology. Seeing their Cubebots respond intelligently sparked excitement and curiosity, inspiring students to explore more possibilities in STEM and robotics.

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

Learning Through Exploration and Hands-On Activities

Our Grade 5 classrooms came alive with curiosity, creativity, and active learning as students participated in a range of engaging hands-on activities. In a Flip Learning session on “Body Coverings of Animals,” students explored fur, feathers, scales, shells, and thick skin, discovering how these coverings help animals survive in different environments. Young “Angle Detectives” then used paper craft to create and classify acute, obtuse, right, and straight angles, turning mathematical concepts into a fun, tangible experience. In History, students

“Traced the Past” through a creative timeline of Colonial India and the Freedom Struggle, connecting major events from the Revolt of 1857 to Independence in 1947. Meanwhile, a hands-on STEM activity on Balance, Forces, Movement and Robotics helped students explore how scientific principles influence the way objects and robots move. These experiences encouraged curiosity, collaboration, creativity, and critical thinking, making learning meaningful, interactive, and memorable.

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

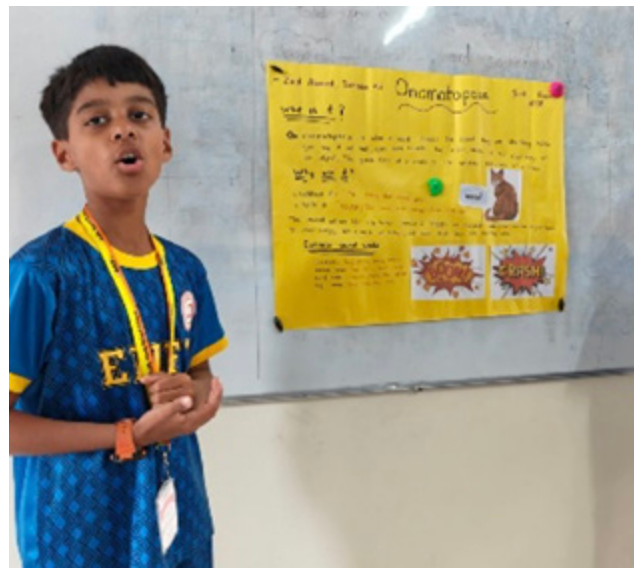

Anti-Bullying Session: Choosing Kindness, Courage and Respect

Words can leave invisible marks, and the Anti-Bullying Session encouraged students of Grade 8 to understand the lasting impact their words and actions can have on others. Through thought-provoking questions, an engaging video on BOO—Being Mean on Purpose, Over and Over Again, and interactive discussions, students explored different forms of bullying and their effects. The Scenario Challenge gave students an opportunity to role-play real-life situations, recognise harmful behaviours and practise positive responses. The session reinforced the importance of staying calm, speaking up and seeking support when faced with bullying. Students concluded with a powerful message—to be an upstander, choose kindness and create a school environment where everyone feels respected and safe.

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

Learning came alive when the Grade 6 students stepped into the role of teachers and transformed the classroom into an engaging space of creativity and discovery. Tasked with teaching Figures of Speech, the students used interactive, play-way activities to explain concepts in a simple and enjoyable manner. Their innovative methods encouraged their peers to participate, explore and understand the concepts through experience rather than memorisation. The lively sessions were thoroughly enjoyed by all, making the learning process both meaningful and memorable. The activity beautifully demonstrated that when peers teach peers, learning becomes more engaging, collaborative and fun.

LEARNING IN ACTION (CURRICULUM HIGHLIGHTS)

Science came alive in the Grade 6 classroom as students turned simple experiments into exciting discoveries. Through hands-on activities, they explored how solids, liquids and gases respond to changes in temperature. They observed evaporation and condensation and watched water transform from one state to another before their eyes. Curiosity, excitement and thoughtful questions made the learning experience highly interactive and engaging. By learning through observation and experimentation, students transformed scientific concepts into memorable experiences.

LIFE AT SCHOOL: EVENTS & CELEBRATIONS

Visions of Viksit Bharat: Edify Artists Shine at the 7th Telangana State Level Drawing Competition

On 2nd September, our campus transformed into a vibrant studio of young imagination as Edify World School, Attapur, hosted the preliminary round of the prestigious 7th Telangana State Level Drawing Competition – 2026, organized by Cultivating Art.

With over 1,00,000 students participating across the state, this coveted annual festival encourages children to step away from screens and connect with their raw artistic instincts. Aligned with the Government of India's visionary theme—"Viksit Bharat"—our young

learners brought bold concepts of a self-reliant, progressive India by 2047 to life. Armed with pastels, paints, and vivid imaginations, students translated complex aspirations of sustainable cities, technological frontiers, and rich cultural heritage onto paper with remarkable maturity.

Beyond the competition, the day celebrated self-expression, focus, and original thinking, reaffirming our commitment to nurturing well-rounded learners who see the world not just as it is, but as it can be.

LIFE AT SCHOOL: EVENTS & CELEBRATIONS

LIFE AT SCHOOL: EVENTS & CELEBRATIONS

Grade 2 Assembly Highlights: Learning, Peace & Healthy Hearts

Students of Grade 2 delivered a series of engaging and meaningful assembly presentations. Through the “My Actions Matter!” activity, students explored how their words, choices, and actions can create a positive impact.

On International Peace Day, they presented an inspiring skit and graceful dance promoting peace, kindness, unity, and harmony.

The students also celebrated World Heart Day through an energetic dance and vibrant presentation on heart health.

These activities encouraged students to develop responsibility, compassion, and healthy habits.

Through creativity and participation, our young learners beautifully demonstrated that small actions can make a big difference.

LIFE AT SCHOOL: EVENTS & CELEBRATIONS

LIFE AT SCHOOL: EVENTS & CELEBRATIONS

Celebrating the Power of Language and Literacy

Students of Grades 1, 2 & 5 brought the beauty of language, literature, and culture alive as they celebrated Telugu Dinotsavam and International Literacy Day with enthusiasm and creativity. Dressed as renowned Telugu poets, the young learners shared inspiring insights into the richness of the Telugu language and the life and contributions of celebrated poet Kaloji Narayana Rao. Through thoughtful

speeches, riddles, quotations, melodious songs, and vibrant dance performances, students showcased Telugu culture and traditions while highlighting the importance of literacy. The celebration nurtured a deeper love and respect for language, reading, and cultural heritage, inspiring young minds to read, learn, express, and preserve their linguistic legacy.

LIFE AT SCHOOL: EVENTS & CELEBRATIONS

LIFE AT SCHOOL: EVENTS & CELEBRATIONS

Celebrating the Richness of Hindi: A Vibrant Hindi Diwas Assembly Pride

Hindi Diwas came alive at Edify World School as students of Grades 1, 2 and 5 celebrated the beauty, richness, and cultural significance of the Hindi language through vibrant performances and engaging activities.

The special assemblies featured poems, songs, speeches, slogans, word-of-the-day presentations, tongue twisters, skits, and graceful dance performances, in-

cluding a captivating presentation based on Kabir's dohas.

Students confidently explored Hindi as not only a means of communication but also an important part of India's culture, heritage, and identity.

The celebrations provided an enriching platform for students to showcase their creativity while developing appreciation and pride for the language.

LIFE AT SCHOOL: EVENTS & CELEBRATIONS

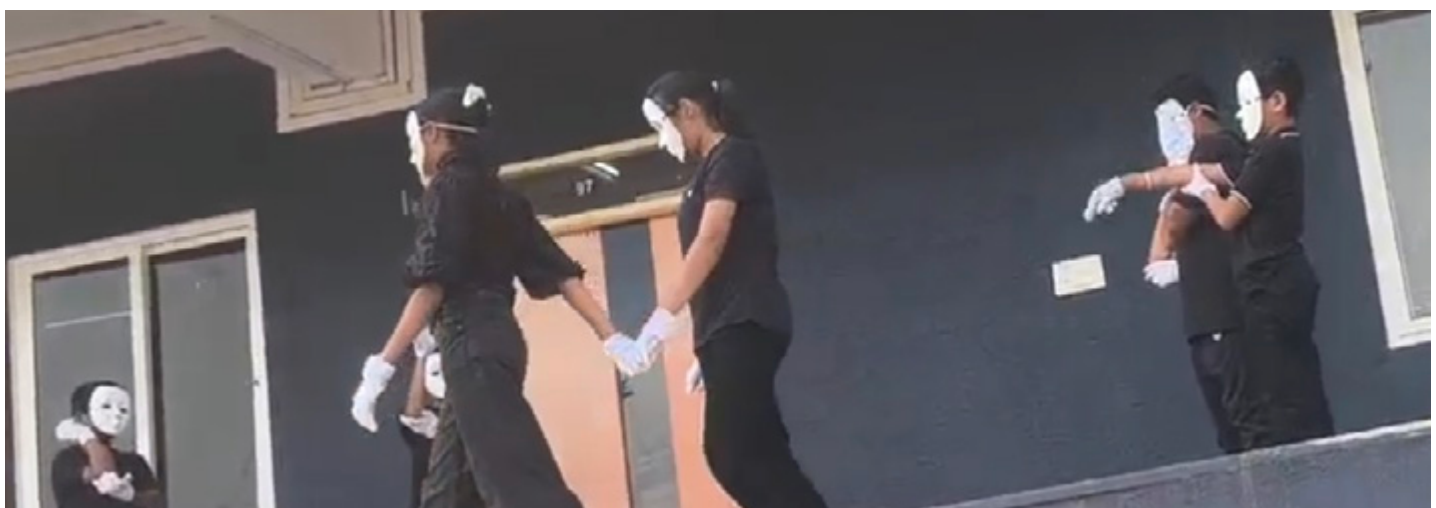

LIFE AT SCHOOL: EVENTS & CELEBRATIONS

Our young innovators of Grade 1 & 2 participated enthusiastically in the Young Edifian Market (YEM) 2026, showcasing creativity and innovation. Under the theme “From Waste to Wow!”, students transformed everyday waste materials into colourful, useful, and imaginative products. Their unique creations reflected sustainability, teamwork, problem-solving, and entrepreneurial skills. The activity encouraged students to think creatively while learning the value of reusing and repurposing materials. They confidently presented their ideas, proving that little hands can create big ideas!

LIFE AT SCHOOL: EVENTS & CELEBRATIONS

When words fell silent, expression took centre stage at our school, as students of Grades 6, 7 & 8 brought ideas, emotions, and social messages to life through mime. The school organised an engaging Mime Competition that provided students with a creative platform to communicate through gestures, expressions, and body language. The performances reflected their confidence, creativity, teamwork, coordination, and impressive stage presence. Through this unique art form, students explored the power of non-verbal communication while developing observation, imagination, emotional expression, and self-confidence. With remarkable enthusiasm and synchronisation, the participants delivered thought-provoking performances, making the event both meaningful and captivating. Aakash House emerged as the winning team, earning appreciation for its outstanding performance and collaborative spirit. The competition concluded as a memorable celebration of creativity, expression, and teamwork.

LIFE AT SCHOOL: EVENTS & CELEBRATIONS

On World Rhino Day, students of Grade 1 raised awareness about rhino conservation and the threats posed by poaching and habitat loss. A heartwarming dance performance conveyed the importance of kindness, love, and compassion towards all living beings.

The assemblies encouraged students to appreciate languages, protect nature, and practise kindness in their daily lives. Through creativity and confident participation, our young learners beautifully showcased the values of learning, culture, compassion, and responsibility.

LIFE AT SCHOOL: EVENTS & CELEBRATIONS

Responsibility is not a big promise; it begins with the small choices we make every day. This message came alive during an inspiring morning assembly presented by the Grade 5 scholars on the theme “Responsibility Begins With Me.” Through engaging performances and thoughtful activities, the young leaders highlighted the importance of completing our work, caring for our belongings, and being accountable for our words and actions. The assembly opened with an energetic response game, “My Job! My Hands!”, followed by a meaningful Thought and the Word of the Day, “Accountability.” A thought-provoking skit, “Five Spoons of Salt,” a vibrant dance celebrating teamwork and positive action, and the powerful mantra “See it. Own it. Do it.” made the presentation both engaging and memorable. The Grade 5 scholars concluded the assembly with a powerful reminder that taking responsibility begins with each one of us.

LIFE AT SCHOOL: EVENTS & CELEBRATIONS

Learners IK-3 Marigold celebrated Ganesh Chaturthi with a vibrant and meaningful special assembly. The young learners welcomed Lord Ganesha with an energetic dance performance, spreading joy and festive spirit. They also highlighted the importance of celebrating responsibly and caring for the environment. Through their presentation, students encouraged everyone to keep their surroundings clean and respect nature. The celebration beautifully brought together tradition, creativity, and environmental awareness.

LIFE AT SCHOOL: EVENTS & CELEBRATIONS

LIFE AT SCHOOL: EVENTS & CELEBRATIONS

Little Radhas and Krishnas Bring Janmashtami to Life

Edify World School came alive with colour, music, and festive spirit as our young IKS learners celebrated Janmashtami with great joy. Dressed as adorable Radhas and Krishnas, the children walked the ramp hand-in-hand with their mothers, beautifully portraying Yashodas. Vibrant dance performances and cheerful music brought the enchanting world of Krishna's Leela to life. Adding to the celebrations, mothers showcased their creativity and enthusiasm through a lively pot-making and decoration competition. The memorable event beautifully celebrated Indian traditions while strengthening the bond of togetherness between children and mothers.

LIFE AT SCHOOL: EVENTS & CELEBRATIONS

LIFE AT SCHOOL: EVENTS & CELEBRATIONS

Grandparents' Day: A Celebration of Love, Memories and Tradition

Stepping into a world of nostalgia, IKS celebrated Grandparents' Day – "The Golden Era", bringing cherished memories of bygone days to life.

The celebration came alive with melodious music, graceful dances, lively games, and heartwarming moments shared across generations. Grandparents enthusiastically participated in the fun-filled activities,

reliving the joy and charm of their youth. The highlight was the Golden Walk, where grandparents walked hand-in-hand with their little ones, creating treasured memories.

The celebration beautifully honoured the wisdom, stories, traditions, and enduring bonds that connect generations.

LIFE AT SCHOOL: EVENTS & CELEBRATIONS

LIFE AT SCHOOL: EVENTS & CELEBRATIONS

Grade 4 Achievers Celebrate the Teachers Who Shape Young Minds

With creativity, confidence, and heartfelt appreciation, the Grade 4 Achievers presented a memorable assembly on “Guides Who Shape Our Thinking.” Through an engaging skit, inspiring thoughts, and a lively dance performance, the students highlighted how teachers guide, motivate, and nurture young minds. The presentation beautifully reflected the role of teachers in en-

couraging students to learn, question, grow, and believe in themselves. The assembly served as a touching tribute to the teachers whose guidance extends beyond academics to shaping character and confidence. It was a celebration of the lasting impact of those who open minds, touch hearts, and inspire young learners to reach their potential.

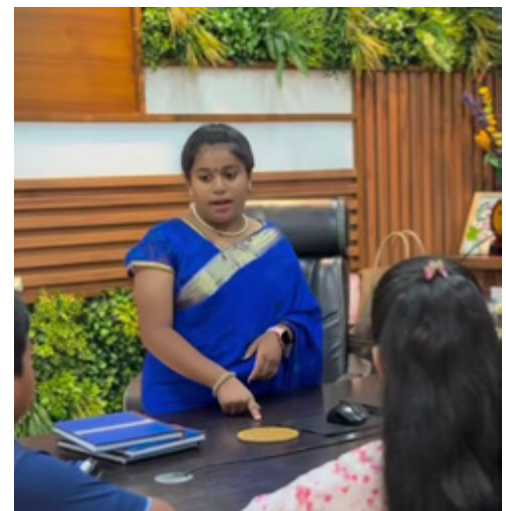

LIFE AT SCHOOL: EVENTS & CELEBRATIONS

Students Turn Teachers for a Day in a Heartwarming Teachers' Day Tribute

Teachers' Day took a delightful turn as our IKS learners stepped into the shoes of their beloved teachers, bringing classrooms to life with confidence and enthusiasm. Students from [Class/Section Names] dressed as their teachers, thoughtfully recreating their personalities, teaching styles, and classroom routines. Taking charge across different grades,

the young educators conducted lessons, interacted with students, and experienced the responsibilities of teaching firsthand. The activity offered a joyful glimpse into the dedication and commitment behind every lesson. More importantly, it became a heartfelt expression of gratitude, respect, and appreciation for the teachers who inspire and guide them every day.

LIFE AT SCHOOL: EVENTS & CELEBRATIONS

Young Minds Shine at the Great India Quiz

Knowledge, confidence and a strong spirit of teamwork took centre stage as our young quizzers excelled in the Great India Quiz. Students from Grades 4, 5 and 6 showcased their awareness, quick thinking and enthusiasm for learning about India. Their impressive performances were recognised with gleaming trophies and certifi-

cates, celebrating their dedication and achievement. The event encouraged students to explore beyond the classroom and develop a deeper interest in India's rich heritage and knowledge. Congratulations to all our achievers for this proud accomplishment—keep learning, exploring and shining!

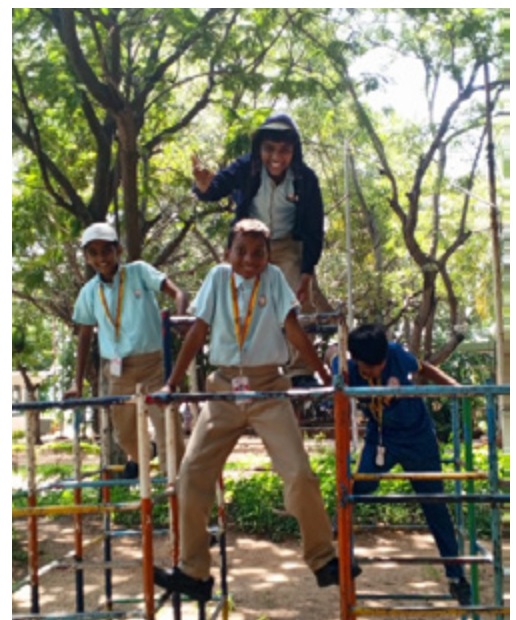

LIFE AT SCHOOL: EVENTS & CELEBRATIONS

Breaking the silence around menstrual health, the session “She Matters: A Guide to Menstrual Wellness” empowered students with knowledge, confidence, and awareness. Through age-appropriate discussions and interactive activities, students explored menstruation as a natural part of growing up. The session highlighted the importance of hygiene, nutrition, self-care, and emotional well-being, while encouraging students to ask questions openly. It also promoted informed choices and a positive, stigma-free approach to menstrual health. The session reinforced the message that every girl deserves the knowledge, care, and support to grow with confidence and dignity.

LIFE AT SCHOOL: EVENTS & CELEBRATIONS

Science came alive for students of Classes VI, VII, and VIII during an exciting field trip to Sanjeevaiah Park. The students explored practical examples of mechanical energy in park rides and observed concepts related to sound and reflection. A special highlight was the Butterfly Garden, where they discovered colourful butterflies, host plants, pollination, and fascinating life cycles. The students also explored the lake and surrounding trees while learning about the importance of nature conservation. The enriching experience connected classroom concepts with the real world, making learning both meaningful and memorable.

LIFE AT SCHOOL: EVENTS & CELEBRATIONS

LIFE AT SCHOOL: EVENTS & CELEBRATIONS

On 23 September, our students from Grades 10, 11 and 12 visited Woxsen University for an enriching educational experience. From exploring the Sports Arena and learning about programmes in Sports Science to visiting the Academic Block and experiencing classes in Fashion Design, B.Tech, B.Des and Law, students got a glimpse of diverse university pathways. They also interacted with Woxsen students to understand the study structure, academic culture and student life at university. A wonderful day of exploration, interaction and discovering new possibilities for the future.

LIFE AT SCHOOL: EVENTS & CELEBRATIONS

LIFE AT SCHOOL: EVENTS & CELEBRATIONS

Discipline in Action: Small Steps, Lasting Success.

Discipline is not about doing more, but about doing things better, consistently and with purpose. An engaging session was conducted to help Grade 5 students understand the importance of discipline, focus, consistency and attention to detail in everyday life. Through interactive activities and reflective tasks, students explored how small,

mindful actions can lead to meaningful results over time. The session encouraged them to take greater responsibility for their learning, make thoughtful choices and approach tasks with greater precision. It reinforced the message that consistency and attention to detail, practised every day, can pave the way for lasting success.

LIFE AT SCHOOL: EVENTS & CELEBRATIONS

Character is not built through instructions alone—it is shaped by the values we witness in the people around us. Keeping this thought at the heart of its support staff training, Edify World School, Attapur, conducted an engaging session on “Character is Caught and Not Taught.” The session highlighted how everyday actions, attitudes and in-

teractions can leave a lasting impression on students. It encouraged the support staff to recognise their important role in creating a positive and respectful school environment. Through reflection and discussion, the session reinforced that every member of the school community contributes to shaping young minds.

TEACHING EXCELLENCE & PROFESSIONAL DEVELOPMENT

Edify World School Team Participates in Professional Development Initiative

Following the International University Fair, the Vice Principal, Career Counselor and Coordinators of Edify World School, Attapur, participated in a Professional Development Initiative organised by Explore, co-powered by Cialfo, at Le Méridien.

Held from 4:30 p.m. to 9:00 p.m., the event centred on the theme “Shared Table, Shared Purpose” and brought together K–12 education professionals for an evening of professional learning, collaboration and networking.

Career Counselling and University Guidance: Preparing Students for the World Beyond School

As the university application window swings open for Grade 12 students, our school has rolled out an ambitious Career Counselling and University Guidance Programme designed to equip senior students with the knowledge, skills and confidence to make informed decisions about their future. The programme brings together personalised counselling, application workshops, digital platform support, university interactions and expert-led sessions to help students understand the increasingly competitive and diverse university admissions landscape.

Masterclasses Bring Global Universities to Campus

A key highlight of the programme has been a series of exclusive masterclasses with admissions officers and faculty from leading universities across the US, UK, Europe, Australia and Asia. Through both virtual and in-person sessions, students have gained first-hand insights into course requirements, application timelines, scholarships, personal statements, supplemental essays and the qualities universities look for in applicants. These interactions have helped students understand the application process beyond brochures and websites, while giving them the op-

portunity to ask questions directly to university representatives.

University Fair Opens Doors to New Possibilities

Adding another valuable dimension to the programme, the school also hosted a University Fair, bringing together representatives from a wide range of national and international universities under one roof. Students had the opportunity to explore different courses, universities, career pathways, admission requirements and scholarship opportunities while interacting directly with university delegates. The fair encouraged students to compare their options, clarify their doubts and discover institutions and programmes they may not have previously considered. The Career Counselling and University Guidance Programme reflects the school's commitment to supporting students beyond academics. Through individual counselling, university masterclasses, application guidance, workshops and university fairs, students are being encouraged to understand their strengths, explore possibilities and approach the university application process with greater clarity and confidence.

From Studying to Understanding: Building Better Learning Habits

As the Summative Assessment 1 examinations approach, students often find themselves spending more time with their books, revising chapters, memorising answers and preparing for the assessments ahead. However, effective learning is not simply about how many hours a child spends studying. It is about how well they understand, remember and use what they have learned.

As part of our ongoing efforts to encourage meaningful and independent learning, our Special Educator has been guiding students towards simple study habits that can make a lasting difference.

One such habit is dating what you learn. Students are encouraged to write the date beside an important concept, definition, formula, answer or topic whenever they study it. For example, a student might write "5/9 – Learned this concept." When revisiting the topic later, instead of immediately reading it again, the student can pause and try to remember what was learned on that particular day.

This simple practice encourages students to move from passive reading to active recall—retrieving information from memory before checking the answer. A useful routine is: Read → Close the book → Recall → Check → Revise. Over time, this can help students

strengthen their memory and develop a more effective approach to revision.

Parents, too, can play an important role in this process. Rather than simply asking, "Did you study?", parents can encourage children to talk about their learning by asking questions such as, "What did you learn today?", "Can you explain it in your own words?" or "What do you remember from what you studied on 5/9?" Such conversations take only a few minutes but can encourage children to think about their learning, explain their understanding and become more confident in recalling information independently.

Most importantly, examination preparation should not be viewed only as a race for marks. It is an opportunity to help children develop habits that will support them well beyond the SA1 examinations. Every child learns differently, and finding strategies that make learning meaningful and independent is an important part of that journey.

As our students prepare for SA1, the message is simple: don't just read it—understand it, recall it, explain it, practise it and review it.

Learn today. Date it. Recall it later. See how much you remember!

Positive Parenting: Building Confident and Happy Children

Parenting is a journey shaped by everyday choices, and positive parenting focuses on creating a strong, respectful and lasting bond with children. With the right approach, everyday situations—from a spilled glass of milk to unfinished homework—can become opportunities to teach responsibility, patience and problem-solving. Instead of responding to mistakes with anger, parents can guide children calmly and help them understand what went wrong and how they can handle similar situations better in the future. This approach helps children feel supported while learning to take responsibility for their actions.

One of the most important aspects of positive parenting is being a role model. Children often learn more from what they see than from what they are told. The way parents manage stress, speak to others, respond to failure and show kindness can influence children's behaviour and values. At the same time, clear and consistent boundaries give children a sense of security. Teaching the difference between right and wrong from an early age helps them develop a strong moral foundation

and make responsible decisions as they grow. Positive parenting also encourages a healthy balance between guidance and independence. While parents naturally want to protect their children, giving them opportunities to make choices, explore their interests and learn from mistakes helps develop confidence and self-direction. Equally important is being genuinely present in their lives. As children grow, their emotional and personal needs change, making meaningful family time, patient listening and open communication increasingly important.

The central message of positive parenting is that parents do not have to be perfect; they need to be present, patient and intentional. Small everyday actions—lowering your voice during a difficult moment, listening before reacting, encouraging a child to solve a problem independently, or putting away the phone during family time—can have a lasting impact. By combining love with clear boundaries, guidance with independence, and discipline with understanding, parents can help children grow into confident, responsible and happy individuals.

Growing Together: The Home–School Connection

A child can have a busy mind even when they are sitting quietly. There may be a friendship they are thinking about, something that happened in class, a conversation at home, or simply the feeling that there is too much to do. As adults, we often notice what is visible the books, the homework, the marks and the behaviour but there is always much more happening underneath. This is why wellbeing cannot be looked at from just one angle. Emotional, physical, social and academic wellbeing are deeply connected, and when one is affected, the others can be affected too. A child who is emotionally overwhelmed may find it difficult to concentrate, while lack of sleep, irregular meals or constant fatigue can make emotions harder to manage. At the same time, friendships and family relationships provide children with a sense of connection and support, especially when they are navigating challenges. As the academic year becomes more demanding and examinations approach, students may experience increased pressure, comparison, self-doubt and the fear of not doing well. During such times, healthy

routines become more important than ever getting adequate sleep, eating regular meals, staying hydrated, taking breaks, moving the body, spending meaningful time with people who make us feel supported and allowing ourselves moments away from screens and study material. Emotional wellbeing also means being able to recognise when something feels difficult and having the confidence to talk about it rather than carrying it alone. As parents, teachers and counsellors, we can support children not only by asking, “How much have you studied?” but also by asking, “How are you feeling?” and giving them the space to answer honestly. Academic success is important, but it should not come at the cost of a child’s emotional health, physical wellbeing or relationships. Perhaps the most valuable lesson we can give children during demanding times is that taking care of themselves is not a distraction from their goals it is a part of reaching them. A healthy mind, a cared-for body, supportive relationships and a balanced approach to academics together create the foundation for a child to truly thrive.
